

Ecole Lee-on-Solent

Forbo creates colourful learning environment
The pupils at Lee-on-Solent infant and junior schools in Hampshire have an exciting new learning environment thanks to Forbo's revolutionary Marmoleum designed by Format Milton Architects.

Both schools share a site and have recently benefited from full extensions providing a nursery and music room for the infant school and extensions to the reception, admin, teaching and library areas of the junior school.

Lieu	Hampshire, United Kingdom
