

(Soin) Hospice St Francis

Forbo Flooring Eternal Wood brings warmth and comfort as part of the caring design
In 2008 Saint Francis Hospice, Romford received a grant of £600k from the Department of Health/Kings Fund under their scheme 'Enhancing the Healing Environment'. The aim of this development programme was to encourage local health teams to work in partnership with service users to improve the environment in which they deliver care. It was clinician led, using a multi-disciplinary project team. The main aim was to achieve a physical improvement which brings demonstrable benefit in areas used by patients.
