

Allura puzzle

FLOORING SYSTEMS

100 % adhesive free

Product information

LVT Luxury Vinyl Tiles - adhesive free puzzle-shaped tiles

Completely adhesive free puzzle-shaped LVT 100 % made in Europe and phthalate free.

With high quality dimensionally stable tiles, the floor covering is available in a range of natural wood designs and a selection of concretes and modern stones designs. It comes in a unique puzzle-shaped 96 x 96 cm size. These tiles are designed specially for adhesive free installation.

This compact printed PVC floor covering has a 5 mm total thickness including a 0,70 mm thick calendered wear layer. It is perfect for adhesive free installation in busy traffic areas of up to 500 m² without transition.

The floor covering will offer a residual indentation of 0.05 mm, a dimensional stability $\leq 0.05\%$ and a slip resistance R10.

The PUR wear layer facilitates maintenance and avoid any surface metallisation or maintenance by spray method throughout the product's lifetime.

The product has a 7-year warranty (+ 6 years with installation of Forbo's Coral or Nuway entrance mats).

Technical specifications

Commercial name	Allura puzzle
Total thickness	5 mm
Wearlayer	0,70 mm
Total weight	7 900 g/m²
Impact sound reduction	$\Delta L_w = 7$ dB
Residual indentation	$\leq 0,05$ mm
Reaction to fire	B_{f1-s1} - 89215785.03br (TÜV Rheinland)
Commercial use	34

Environmental datasheet

- EPD is available in Forbo's website
- Phthalate free
- TVOC emission rate $< 20 \mu\text{g}/\text{m}^3$ class A+ (best class in health safety labelling)
- Made from 50 % of natural raw material and up to 30% recycled content in the backing.
- Free from all restricted substances (formaldehyde, pentachlorophenol, heavy metals, CMR 1A and 1B); compliant with European REACH regulation
- 100 % recyclable
