

## BESPOKE DESIGN SERVICE

The floor covering is a crucial element of any rail interior design; it creates the first impression and sets the tone. Whether you are looking to recreate a logo or design feature, match that perfect colour for your interior or visualise an entire rail flooring design scheme, we have the knowledge and technology to help and guide you every step of the way.

Our design team can offer support, guidance and advice based on their experience of rail design providing step by step assistance through the creative process from initial brief to approved samples.

### coral® FR

Custom colourways are an option for each of the Coral FR entrance flooring system products.

**For all enquiries please contact your local Transport Key Account Manager to find out more or email: [transport@forbo.com](mailto:transport@forbo.com)**

## SERVICES

In addition to our comprehensive product portfolio for the bus and coach sector and flexibility in creating custom design and colour solutions tailored to your project, at Forbo, we understand that service is equally important, especially when it comes to time and cost management.

Forbo offer a range of services for both new build and refurbishment projects that ensure maximum efficiencies from delivery to storage, from labelling to packaging and from installation to operation.

### CUT TO SHAPE

**Cutting to size and shape** – In order to save time and costs during installation, we are able to cut to specific roll lengths or to detailed floor plans, so that the floor covering can be easily put into place.

- Any geometry (including steps)
- Highly accurate in-house cutting technology
- Drawing plans can be imported for cutting e.g. DWG, DXF files

### BESPOKE LABELING

**Bespoke labelling** – We offer a fully customised labelling service for all our products, from part numbers to project references and barcodes. We'll agree with you what information is required, before creating something unique for your project.

### SPECIFIC PACKAGING

**Packaging** – Whether you need all deliveries to be made on a specific size pallet or require specific boxes, crates or custom wrapping, we will make sure that the packaging is to your correct specification and satisfaction.

### MATERIAL SCHEDULING

**Material scheduling** – We appreciate that the flooring specifications and requirements for each carriage or car-set can vary. That's why we can group together all products specific to your build programme, ensuring the right materials find the right location.

### JUST IN TIME LOGISTICS

**Just in time logistics** – Working to an agreed schedule of requirements, we will ensure that only the products which are required are delivered, in accordance with your install programme.

Whatever your requirements, at Forbo, we will work with you to ensure the project runs smoothly and returns the maximum efficiencies in terms of both time and cost.
