Statutory regulations governing the number of permissible activities pursuant to Article 12 Paragraph 1 Section 1 OaER

In accordance with Clause 22 of the Articles of Association, members of the Board of Directors may hold no more than five mandates in listed companies and twenty mandates in unlisted legal entities. A mandate is defined as any activity on the senior managerial or supervisory bodies of legal entities that are entered in the Swiss Commercial Register or comparable foreign registers and do not belong to the Forbo Group. Mandates with associated companies outside the Forbo Group are deemed to be a single mandate.

Election and term of office

The members of the Board of Directors are elected in individual votes for a one-year term of office, in accordance with the Ordinance against Excessive Remuneration in Listed Public Companies (OaER). A year is defined as the period between two Ordinary General Meetings. In accordance with the Organizational Regulations of Forbo Holding Ltd, members who have reached the age of 70 resign from the Board of Directors at the Ordinary General Meeting of the following year. The Board may, however, approve exceptions. In determining the composition of the Board of Directors, importance is attached to the election of independent individuals with international experience in industrial companies as well as in the financial and consultancy sectors.

The Articles of Association of Forbo Holding Ltd do not contain any regulations that deviate from the statutory provisions for the appointment of the Chairman, the members of the Remuneration Committee, and the independent proxy.

Internal organizational structure

The allocation of tasks within the Board of Directors and the composition of the Board committees are shown in the table on page 61.

Decisions are as a general rule taken by the full Board of Directors. The Board constitutes three standing committees from its own ranks – the Audit and Finance Committee (AFC), the Human Resources and Nomination Committee (HRNC), and the Remuneration Committee (RC) – to deal with clearly defined subject areas of overriding importance. These three committees have mainly advisory and control functions. The members of the AFC and HRNC are elected by the Board of Directors on an annual basis and can be dismissed at any time. The members of the RC are elected annually by the Ordinary General Meeting.

As a rule, the Executive Chairman of the Board of Directors chairs the meetings of the Board and the General Meeting. He plans and conducts the meetings of the Board and the General Meeting. The meetings of the Board and the relevant items on the agenda are prepared by the Executive Chairman. He monitors the execution of the measures adopted by the Board. He is the direct superior of the CEO, is in regular contact with him, and has an advisory and supervisory function. In addition, the Executive Chairman represents the Board and the Forbo Group vis-à-vis the public, the authorities, and the shareholders. The tasks of the Executive Chairman of the Board and the demarcation of responsibilities from those of the CEO are set out in the chapter 'Areas of responsibility'.

The Vice Chairmen are tasked with deputizing for the Executive Chairman should the latter be prevented from attending for any reason. In accordance with the Organizational Regulations and actual practice, the Vice Chairmen have no further duties.

The Vice Chairmen are elected by the Board of Directors.

The Board of Directors meets on being convened by the Executive Chairman as often as business requires but at least four times a year. The items on the agenda must be announced at least five working days before the day of the meeting. This notification period may be shortened in urgent cases. In 2017, the Board of Directors met five times, with meetings usually lasting a whole day.

The Executive Chairman may invite members of the Executive Board or other senior employees to attend Board meetings for individual items. Regular use is made of this option. External consultants participate in the meetings of the Board of Directors, the AFC, the RC or the HRNC only in exceptional circumstances to deal with particular items. As a rule, however, the meetings are held without external consultants.

Audit and Finance Committee

The AFC advises the Board of Directors in respect of its duties on behalf of the Group in the areas of financial reporting, the accounting standards and systems used, and decisions with significant financial implications. The AFC monitors the activities of the internal auditors and the external auditors. Moreover, it establishes the audit program of the internal auditors and proposes to the Board of Directors the choice of the external auditors for the attention of the General Meeting. The CEO and the CFO are regularly requested to attend meetings in an advisory capacity, while the internal and external auditors may attend on special invitation.

The AFC convenes as often as business requires, but at least twice a year. In the 2017 business year, two meetings were held, each lasting about half a day. The external auditors were present for some items on the agenda of the AFC's meeting on the financial statements and at the meeting to discuss the scope of the audit and the audit fee. The Ernst & Young representatives responsible for internal auditing attended both meetings held to discuss the internal audit reports.

Human Resources and Nomination Committee

We refer to the explanations in the remuneration report on pages 74 and 75.

Remuneration Committee

We refer to the explanations in the remuneration report on page 75.

Areas of responsibility

The Board of Directors bears ultimate responsibility for the management of Forbo Holding Ltd. The main duties of the Board of Directors are the following non-transferable and inalienable tasks pursuant to the Swiss Code of Obligations and the Articles of Association:

- ultimate management of the company and issuing the necessary directives
- definition of the organization
- organization of accounting, financial controlling, and financial planning
- appointment and dismissal of persons entrusted with the management of the company
- overall supervision of the persons entrusted with managing the company, particularly with respect to compliance with the law, Articles of Association, regulations, and directives
- preparation of the Annual Report as well as of the General Meeting and implementation of its resolutions
- preparation of the remuneration report
- notification of the court in the event of over-indebtedness

The Board of Directors bears ultimate responsibility for supervising and monitoring the management of the company and is responsible for the corporate strategy. It issues guidelines for business policy and is regularly briefed on the current state of business.

Business to be dealt with by the Board of Directors is regularly submitted in advance to the AFC, HRNC, and RC, ad hoc committees or individual members, depending on the subject, for review or an opinion. With the exception of its non-transferable and inalienable tasks, the Board of Directors may transfer tasks and responsibilities in full or in part to individual members of the Board or to third parties.

The Board of Directors is empowered to take decisions on all matters which are not reserved or transferred to the General Meeting or another body of Forbo by law, the Articles of Association, or regulations.

Tasks of the Executive Chairman of the Board of Directors:

- leading the Board of Directors
- preparing the decisions of the Board of Directors and ensuring they are executed
- representing and positioning the Group in the public
- overall management of strategy development and involvement in realizing key strategic projects
- management of relationships with key accounts and business, sector and capital market partners

Tasks of the Chief Executive Officer:

- operational management of the Group
- leading the Executive Board
- development and operational implementation of strategies
- implementation and monitoring of multi-year planning and budgets
- support for the Executive Chairman of the Board of Directors in preparing important projects relating to strategy, personnel, and finances for discussion and decision-taking by the Board of Directors

The CEO reports to the Executive Chairman of the Board of Directors and as a rule participates in all Board meetings dealing with topics that are relevant for the exercise of his function. He himself though is not a member of the Board of Directors. All business management tasks that are not allocated to the Board of Directors or the Executive Chairman of the Board and that do not require the approval of the Board of Directors are delegated to the CEO and are conducted by him on his own responsibility. The CEO is responsible for ensuring compliance with the provisions of the law, the Articles of Association, and regulations throughout the Forbo Group.

In carrying out his tasks, the CEO is supported by the members of the Executive Board, who report to him. The Executive Board comprises the CEO, CFO, and the Executive Vice Presidents of the two divisions; it is responsible for the long-term success and market-driven management of the Forbo Group.

The members of the Executive Board are responsible for their particular area of activity and also bear joint responsibility for safeguarding the interests of the Group and achieving the financial Group result.

Information and control instruments vis-à-vis the Executive Board

At the meetings of the Board of Directors, any member may request information about any matter concerning the Forbo Group. Outside the meetings, such requests for information are to be addressed to the Executive Chairman. The CEO and the other members of the Executive Board inform the Board of Directors at each regular meeting about the current state of business, important business events, and significant deviations from the budget.

The Chairmen of the AFC, the HRNC, and the RC report at the Board of Directors meetings on the activities of their committees and express the opinions and recommendations of the AFC, HRNC or RC on the business items on which decisions are to be taken. Each member of the Board of Directors has the right to inspect the minutes of the AFC, HRNC, and RC meetings. The Executive Board reports to the AFC through the CFO in consultation with the CEO; it reports to the HRNC and RC through the CEO.

The Board is also regularly briefed outside meetings about events and challenges facing the Group and the general performance of the divisions. In addition, the Executive Chairman and the two Vice Chairmen are in regular contact when essential policy issues are involved. For important, particularly urgent events, the CEO informs the Executive Chairman of the Board of Directors immediately.

The Executive Board meets as often as business requires, normally once a month. In the 2017 business year, twelve meetings were held, with the meetings usually lasting half a day.

The CEO conducts the meetings of the Executive Board. For details concerning the participation of members of the Executive Board in meetings of the Board of Directors and its committees, see the sections on internal organization and on the AFC, HRNC, and RC on pages 62 and 63, as well as 74 and 75.

The Board of Directors furthermore fulfils its supervisory and monitoring obligations by means of financial reporting and its role in the planning cycle. The internal and external auditors also assist the Board in this task. Neither the external auditors nor the internal auditors, however, were invited to any meetings of the Board of Directors in 2017 as there were no special incidents or topics for discussion.

As part of financial reporting, the Board of Directors is informed as a rule once a month in writing about the company's current business performance and earnings situation by means of annotated income statements, key ratios, and deviation analyses.

The Board of Directors is, moreover, involved in the company's planning cycle. As a rule, the existing strategy is subjected to a thorough review by the Board of Directors in the first half of the year. The revised strategy is quantified in the three-year medium-term plan, which is normally approved at mid-year by the Board of Directors. Based on the medium-term plan, the Board of Directors sets the budget objectives for the coming business year. These budget objectives are the basis for the detailed budget, which is discussed and adopted by the Board of Directors in the fourth quarter.

The current business year is assessed in a first estimate always at the end of May and in a second estimate mid-October. On completion of the business year, the extent to which the budget has been reached is checked and deviations are analyzed. This analysis is used to derive appropriate measures, which are then implemented in the next planning cycle.

Internal auditing is effected by Ernst&Young, which has been commissioned for this purpose. Internal auditing is administratively subordinated to the Executive Chairman of the Board of Directors, is functionally independent, and reports directly to the AFC.

The audits are conducted in accordance with an annual plan approved by the AFC. A distinction is made between ordinary and special engagement audits. The latter consist of limited reviews, follow-up reviews, compliance audits, and other special engagements. Where necessary, the risks and weaknesses identified in these audits are minimized or eliminated by measures adopted by management and are constantly monitored.

In 2017, a total of six internal audits were conducted. The internal audits were restricted to selected business processes. In its review of audited Group companies, the internal audit included any issues that had been defined in the framework of the internal control system (ICS). Internal audits also involved various compliance reviews related to these processes. Lastly, additional risks and controls in connection with the above-mentioned business processes were analyzed in the audit. At least three companies in each division were audited in the course of the internal audits.

By means of self-assessments and management controls by division management, the implementation and reliability of the controls introduced with the ICS were examined to ensure that deviations were identified and that appropriate corrective measures were implemented.

Risk management

The ongoing and systematic evaluation of current and future risks invariably involves identifying and capitalizing on opportunities. Forbo regards risk management as a managerial and working tool designed, among other things, to safeguard the tangible and intangible assets of the company.

Forbo has a risk-based insurance coverage in line with industry practice and has appropriately insured in particular operational risks such as property damage, business interruption and liability. The risks specifically in the areas of property damage and business interruption are examined in the context of periodic risk engineering reports by external experts. For this purpose, production companies are visited at regular intervals, and comprehensive surveys are worked through with local management. Action plans are drawn up and implemented based on the risks identified. These risk engineering audits have been prepared since 1990.

As regards business risks, Forbo addresses strategic risks as well as market and financial risks. In the area of market risks, interest and currency risks are monitored centrally and hedged in certain cases. The liquidity and financing of subsidiaries are also monitored centrally. Please also refer to pages 132 to 136 of the financial report for more information on this subject.

With regard to the risk management process, the reader is referred to the relevant explanations on pages 132 to 136 (note 32 'Risk assessment and financial risk management') of the financial report.

Auditors

Duration of the mandate and term of office of the Auditor in Charge

KPMG has been the Forbo Group's auditors since 2015. The auditors are elected every year by the Ordinary General Meeting on a proposal by the Board of Directors. Rolf Hauenstein has been the Auditor in Charge since April 24, 2015.

Auditing fees

The auditing fees levied by the Group's auditors for auditing the consolidated financial statements, including the statutory audit of the individual financial statements of the holding company and the consolidated subsidiaries, amounted to CHF 0.9 million in the year under review.

Additional fees

The additional consultancy fees that were invoiced by the auditing company amounted to CHF 0.1 million in 2017. These fees consist in the main of general tax advice as well as general advice.

Information instruments of the external auditors

The external auditors prepare as needed for the Executive Chairman of the Board of Directors, the CEO, and the CFO an annual management letter on their work and the results of their audit at Group level in the year under review. The key points are submitted to the Board of Directors in the form of a comprehensive report. The external auditors also prepare management letters on the subsidiaries they have audited. The AFC assesses and evaluates the proposals and statements it has received and appraises the corrective measures taken by management. At the AFC's invitation, representatives of the external auditors attend the AFC meetings in an advisory capacity. The Chairman of the AFC reports on the activities of the AFC and its assessment of the external auditors at the meetings of the Board of Directors. Any member of the Board of Directors may inspect the minutes of the AFC meetings.

At its meetings, the AFC assesses the performance and fees of the external auditors as well as their independence in both their auditing and their non-auditing capacities. This evaluation is based on the documents prepared by the external auditors and the discussions held with the external auditors in the meetings. It also draws on the evaluation of the CFO, who, if required, obtains the opinion of local management with regard to the audit work for the subsidiaries. The criteria for the evaluation of the external auditors are, in particular, their technical and operational competency, their independence and objectivity, punctual delivery of audit reports, scope and focus of the audits, and the ability to provide effective and practical recommendations. This assessment by the AFC forms the basis for the proposal made by the Board of Directors to the Ordinary General Meeting regarding the choice of the external auditors.
