bulletin board®
pinboard linoleum

creating better environments
Pinboard linoleum, or BULLETIN BOARD, offers a practical, simple solution to collect and exchange thoughts and ideas whenever people plan, create and meet. Simply share your thoughts by pinning your idea onto the wall.

BULLETIN BOARD is an all natural material that can be applied in framed pin boards or directly onto the wall. Its surface is tactile and colourful, creating a decorative element in your space, in addition to being a practical aid in your day to day activity.

THE ALL NATURAL SOLUTION TO HOLD YOUR THOUGHTS
**NATURAL & DURABLE**

*BULLETIN BOARD* is produced from natural and renewable raw materials. A combination of oxidised linseed oil, rosin and finely ground cork gives the product its flexibility and resilience. This combination results in a product with exceptional durability.

Its strength and resilience make *BULLETIN BOARD* the ideal material for pin boards, notice boards and all other surfaces where ideas and information are exchanged. The board material retains its grip and doesn’t crumble like traditional soft boards as the pinholes close after extraction of the pins due to the flexibility that characterises the material.

---

**PRACTICAL & HYGIENIC**

*BULLETIN BOARD* does not attract dust and has bacteriostatic properties. This makes the product a practical solution in classrooms, for the ever changing exhibitions of children’s drawings. But also a hygienic solution in healthcare environments where ‘get well’ messages can be pinned behind the bed.
**COLOURFUL INTERIORS**

*BULLETIN BOARD* is available in an exciting and intense range of 15 colours, that gives character and atmosphere to its environment.

The colours in the bulletin board collection have been harmonised with Forbo's offer in Marmoleum floor coverings which in turn also makes the them suitable for combinations with other materials such as wood, stone, aluminium or plaster, creating decorative as well as functional wall surfaces.

122 cm | * also available in 183 cm
BULLETIN BOARD is supplied in rolls of up to 28 metres long and 1.22 metres wide, making it suitable for large installation in for example conference rooms or alongside corridors. 3 colours are also available at 1.83m wide.
BULLETIN BOARD is flexible and easy to cut and handle, which allows you to create functional wall decorations with enchanting decorative effects.
Framed bulletin board can be made in single colours that fit your needs or in decorative combinations that enhance your environment. All in various sizes and ideal to hold your thoughts or expose your creativity.
BULLETIN BOARD provides ideal solutions to the modern sustainable office environment where separation walls or furniture elements can double as information carriers.
