

As with a natural diamond, Diamond Seal represents hardness, scratch resistance and durability. It also provides superior protection against spills and scuff marks. Diamond Seal ensures a natural low gloss and highly realistic design that is a hallmark of the Novilon collections.

DIAMOND SEAL

With a Novilon floor your customers can choose a beautifully designed, seamless floor, safe in the knowledge that they have a tough, scratch resistant surface. An innovation in flooring, Novilon represents a collection of beautiful and inspiring floor coverings designed to complement every type of interior. This richness of design and wealth of choice comes with the peace of mind that Novilon floor coverings are both hard wearing and easy to maintain thanks to features such as Aquagrip, Diamond Seal and Noviclean. Novilon – designed for life.

NOVI™ CLEAN

Top layer treatment for easy cleaning, also preventing dirt and scuff marks. The best natural surface finish.

Aquagrip is Forbo's unique safety feature – meaning the level of grip is not significantly reduced by spills or splashes of water or any other liquid. Which means a floor for your home that is beautiful, practical and safer to walk on.

AQUA GRIP

Novilon Nova the tile collection 8241 | anthracite

Offering the highest diversity in design and embossing on the market, Eternal de Luxe creates an inviting, comfortable atmosphere in any application area. This new range features fresh wood and stone effects, enhanced by authentic embossing structures that add even more realism to the designs. The PUR pearl™ finish applied to the stone designs in the Eternal de Luxe collection ensures the highest possible performance and longevity of the floor covering.

- 2 & 4m widths
- R10 slip resistance
- Up to 17dB impact sound reduction
- Suitable for commercial projects
- 20 year Guarantee*
- * 10 years for commercial applications

Eternal de Luxe 3153 decibel | light concrete tile

Novitex combines all the beauty, durability and ease of cleaning of Novilon with the installation flexibility of a textile backing. Suitable for both domestic and commercial interiors, Novitex offers a collection of the most popular ranges in Novilon designed to bring out the best in any installation. Novitex' textile backing, when loose laid, is tolerant of small subfloor imperfections and these benefits are especially useful when installing in new build homes.*

* Residential applications only

- 2 & 4m widths
- R10 slip resistance
- 17dB impact sound reduction
- Suitable for commercial projects
- 20 year Guarantee*
- * 10 years for commercial applications
