

# SPECIFYING CARPET TILES FOR THE MODERN COMMERCIAL ENVIRONMENT

Contract quality carpet tiles offer all the visual appeal, underfoot comfort, warmth and acoustic insulation of broadloom carpet but their modular format offers an exceptional degree of versatility, convenience and limitless creative design opportunities. Tessera products have been BREEAM certified and many ranges also comply with the CRI Green Label Plus scheme.

## Carpet Tiles

This CPD seminar will:

- provide an understanding of product construction and properties and performance
- reveal the product choices available and their relevant characteristics
- guide the architect to correctly specify for both aesthetic and technical requirements
- help to understand the environmental choices
- allow the architect to comprehensively assess supplier capability
- help to confidently choose the right product for the right situation

## Specifying Carpet Tiles for the Modern Commercial Environment

Knowledge level: general awareness

1 hour duration

RIBA core curriculum:

- Designing and building it: design, construction, technology and engineering
