

# SPECIFYING FLOORING FOR ELECTRO STATIC DISCHARGE PROTECTED AREAS (EPA'S)

Colorex is a highly compressed tile with a compact, pore free, easy clean and repairable surface. It has guaranteed electro static dissipative properties for life, which are consistent throughout the product because of the unique conductive coating on the vinyl chips.

## Flooring for EPA's

This CPD seminar will:

- help to understand a client's brief for ESD floorcoverings
- ask relevant questions of ESD flooring suppliers to determine optimum choice of product
- explain when a specialist product is required
- help to explore the product certifications to look for
- allow the appreciation of the broad application of ESD products

**To book a CPD seminar please contact  
Fiona Lister on Tel: +44 (0) 1592 647209  
or email: [cpd@forbo.com](mailto:cpd@forbo.com)**

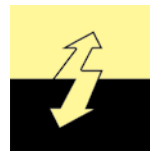

## Specifying Flooring for Electro Static Discharge Protected Areas

Knowledge level: general awareness

1 hour duration

RIBA core curriculum:

- Designing and building it: design, construction, technology and engineering

Lifetime  
Conductivity  
Warranty

Electrostatic  
Discharge Flooring  
(ESD)
