

# ELECTROSTATICALLY FLOCKED FLOOR COVERINGS: A CHOICE NOT A COMPROMISE

Flotex is a truly unique electrostatically flocked floor finish that is as hard wearing and hygienic as a resilient floor with the warmth and acoustic properties of a textile floor. Flotex products have been BREEAM certified, are Allergy UK approved and with Sanitized® protection against bacteria, Flotex also helps create healthier environments.

## Flocked Flooring

This CPD seminar will:

- offer clarification as to the positioning of product within NBS Plus and wider areas of use based on unique construction
- demonstrate the exceptional combination of benefits, provides an ideal solution to a variety of application areas including schools, colleges, clinics, care homes, nurseries, hotels, restaurants, museums and airports
- explain the environmental and sustainable factors of Flocked Flooring

**To book a CPD seminar please contact  
Fiona Lister on Tel: +44 (0) 1592 647209  
or email: [cpd@forbo.com](mailto:cpd@forbo.com)**

## Electrostatically Flocked Floor Coverings: A Choice not a Compromise
