- 20-23. **N/A**
- 24a. **Environmental Attributes: "Forbo Environmental Scorecard"**
- ❖ Products compliant with FAR 23.000 sustainability requirements.
 - ❖ Bio-preferred Designated Products compliant with Executive Order (EO) 13514 & FAR 23.000 subparts 23.4 and 23.7.
 - ❖ Marmoleum is a Designated Product in the USDA BioPreferred Program
 - ❖ LEED®: Contributes to LEED® credits for indoor air quality, consumer waste and recycled content.
 - ❖ LEED®: Meets LEED® requirements for low emitting adhesives for all products.
 - ❖ Founding member of the US Green Building Council.
 - ❖ ISO 9001 and 14001 certified manufacturing plants
 - ❖ Recycled content is 40% or greater on Marmoleum & Flotex tile.
 - ❖ Environmental Product Declarations (EPDs) will be available on all products.
 - ❖ Health Product Declarations (HPDs) available soon on all products.
 - ❖ Manufactured in factories that use 100% renewable energy
 - ❖ Comprehensive take-back program for installation waste and samples.
 - ❖ Meets the requirements of NSF/ANSI 332 flooring standards.
 - ❖ SMART certification: All Forbo products are certified gold and Marmoleum is certified platinum
 - ❖ Compliant with FloorScore® & CA01350 IAQ standards...Meets all Federal gov't requirements for low emitting material
 - ❖ Supports the Green Guide for Healthcare.

LEED® Beyond the Credits

Many manufacturers think that listing the LEED® credits that they contribute to, or in some cases "think" they contribute to is enough. On the surface, this can make many products look to be equally suited for these LEED® projects. That is not, necessarily the case when it comes to those LEED® credits that are financially based, such as Materials & Resource credits that involve Recycled Content such as Materials & Resource credits that involve Recycled Content and Rapidly Renewable Materials. The chart above offers a comparison of financial contribution for various materials based on an average project. The chart includes the approximate total. The chart above offers a comparison of materials only. Your contribution could be different depending on project specific variables.

FLOORING SYSTEMS

Hard Surface Resilient Sheet and Tile, Broadloom Sheet and Tile, Entrance Materials

24c. Forbo Flooring Systems: "Commitment"

Forbo Flooring Systems is committed to environmentally responsible production and to far-reaching customer service.

Forbo Flooring Systems is the global market leader in linoleum floor coverings, owning a market share of over 60%. In addition to linoleum products, Forbo develops, manufactures and markets a diversity of high quality project vinyl and textile floor coverings and entrance system solutions. Forbo also offers a full range of professional service products. All Forbo products combine high levels of functionality and durability.

25. Data Universal Number System (DUNS) Number: 177423522

26. Forbo Flooring Systems is registered in the System for Award Management (SAM)

All items marked below are the preferred products to be used for each application type. If there is any question on suitability, please contact Forbo prior to installation.

Hard Surface Resilient Sheet and Tile, Broadloom Sheet and Tile, Entrance Materials

How to Use the Letter of Authorization Template

The Letter Authorizing use of Multiple Award Schedule Contracts (GSA Schedule) is a template that should be completed by the Government Agency's Contracting Officer assigned the project for which material is to be purchased.

Key information necessary for the Contracting Officer to include in the Letter of Authorization (LOA) is:

(Reference #'s below to page 2)

1. Name of the Contractor/Sub-Contractor/Dealer being authorized to purchase the material at GSA Schedule pricing.
2. The Contractor name and Task Order Number.
3. The project completion date.
4. The Agency authorizing the use of the GSA Schedule.

Once the "LOA" has been completed and signed by the Contracting Officer, the contractor, sub or dealer ordering the product from Forbo must submit a copy of this Letter of Authorization along with the purchase order. This is "proof" that the contractor, sub or dealer has been authorized by the government agency they are working for, to purchase our products at the discounted GSA contract price on their behalf.

***Forbo will not hold the order up if not received with the PO, however some form of documentation must be in the file before the project can be closed out and this particular dealer will no longer be able to utilize our contract. (See below)**

Example: A PO comes into customer service side marked "VA" and indicates that the dealer placing the order has included our GSA prices for the products being ordered. Customer Service sends this to order to our internal Government Contract Administrator (Donna Chiacchio), who will enter the order and send a LOA template to the dealer placing the order. This dealer acknowledges he has received the template and will get it back to us. If after a week we have yet to receive the signed LOA back, Donna will email them a "notification" letter (see below).

Example of Notification Letter:

Dear Dealer XYZ:

This notification is in reference to PO #_____ whereby you recently placed an order requesting the discounted GSA price for your government client. Forbo is happy to extend the use of our contracted GSA prices to your company as long as we know it is being used properly. As part of our contract with GSA, we must document who we sold our products to. We are required to document your purchase and the LOA we have requested from you for the second time must be included in this documentation.

Please disregard this letter if you have already sent in the LOA, however if you have not, please do so immediately. Failure to do so will place your company on a "flagged status" indicating that we will no longer extend our GSA contract prices to your company in the future and this letter will remain in your file for GSA review.

Hard Surface Resilient Sheet and Tile, Broadloom Sheet and Tile, Entrance Materials

Letter Authorizing use of Multiple Award Schedule contracts

(This template can be found at: www.gsa.gov/graphics/fas/AuthorizationtoUseScheduleLetter.doc)

[Insert Date]

[Insert Company Name]

[Insert Attention: POC] ← #1

[Insert Address]

Subject: Authorization to Utilize GSA Multiple Award Schedule contracts

Reference: [Insert Contractor Name & Task Order Number] ← #2

[Insert Company Name] is hereby authorized to place orders under the GSA Multiple Award Schedule program as an alternative source in procuring equipment and supplies for services for the exclusive use and ownership of the Government. This authority applies to the above referenced Task Order. Such authority may be exercised at any time prior to the Order completion date of [Insert Contract Completion Date]. ← #3

You are responsible for compliance with the applicable acquisition policies and procedures prescribed in FAR 51.1, particularly FAR 51.103, regarding purchasing from GSA Multiple Award Schedule contracts. Please reference this letter and the contract number on any delivery orders issued subject to this authority. The following statement shall be included on your Schedule Purchase Order: #4

This Order is authorized by [Insert OCO's Organization], per letter dated [Insert Date]. In the event of any inconsistency between the terms and conditions of this Order and those of the Multiple Award Schedule contract, the latter will govern.

You are authorized to order only those supplies and services required in the performance of this Task Order. You shall maintain records for all property or services acquired under this authorization, including orders, receipts, inspections, usage, and payments.

Should you have any questions, please feel free to contact me.

Sincerely,

[Contracting Officer Name]
