FLOORING SYSTEMS

planet

Homogeneous flooring for demanding environments

The Planet collection is a high quality homogeneous vinyl flooring offer, with a selection of designs suited for diverse application areas in healthcare, public buildings, education and offices. Each Planet series has been carefully developed by Forbo's European team and tested by renowned institutes.

planet star

- Universal appeal in a contemporary design, incorporated with international trend and Forbo designs.
- A broad offer of colours for a variety of applications: neutrals, pastels and vibrant colours.
- Timeless non-directional patterns, in a neutral & modern colour palette.
- High product density, excellent wear-resistance, flexible application options. Suitable for demanding areas such as hospitals, schools and public areas.
- Reinforced PUR surface highly resisting dirt and scratches. Easy to maintain & clean with lower maintenance costs.
- Outstanding resistance and performance against chemicals such as iodine.
- Environment-friendly, phthalate-free, very low VOC emission, complying with strict European standards.
- Perfectly coordinated with other Forbo flooring products including Sphera and Marmoleum.
