FLOORING SYSTEMS

Marmoleum reconnects you with nature.
An endless source of inspiration and innovation.

Together with nature, we've designed floors that form the
foundation of healthy spaces, where people can happily
move, work, learn, heal, play and relax.

We invite you to create sustainable spaces that have
a positive impact on everyone and everything.

marmoleum®
climate positive from cradle to gate,
without offsetting

marmoleum® WELL-BEING STARTS HERE

In a world where we spend on average 85% of our time indoors, it only feels natural to give full focus on improving the quality of our indoor environment. Every square meter of our schools, healthcare institutions, workplaces, leisure centres and living spaces creates an opportunity to bring the best from nature to our indoor surroundings. Our floors lie at the base of so many prominent places. Therefore, we made it our mission to design and offer products that contribute in a positive way to the health and comfort of the individual by bringing nature in.

Creating a seamless connection between our living spaces and the natural world.

Marmoleum contributes to each and everyone's well-being on many levels. From the natural materials we use to the colours we offer. Its tactility and beautiful colours influence all your senses. Marmoleum brings a touch of nature in our daily lives and reinforces our connection to the environment.

marmoleum® MADE FROM NATURAL RAW MATERIALS

LINSEED OIL

Linseed oil is pressed from the seeds of the flax plant, we use.

WOOD FLOUR

After we add finely ground upcycled wood (wood flour) such as the branches, trunks, and roots of the trees harvested in the certified forestry industry.

UPCYCLED MARMOLEUM

Upcycle of our Marmoleum as we take back old floors and grind them to new raw materials for new Marmoleum floors.

JUTE

The fibers from the jute plant are used for the jute mesh carrier on which linoleum is calandered.

PINE ROSIN

Rosin from pine trees which, together with the linseed oil, is heated and creates a linoleum paste.

PIGMENTS

Pigments and natural iron oxide take care of the colouration of the granules.

COCOA HUSKS

We upcycle waste of the cocoa industry by adding cocoa husks to our marmoleum in the cocoa collection.

LIMESTONE

The next element to be added to a linoleum paste mix is limestone to create linoleum granules.

Marmoleum is plastic free and does not contain any harmful ingredients. Already boasting best in class quality, but with up to 98% use of natural raw materials of which 70% rapidly renewable it is a true natural beauty. It is climate positive - cradle to gate, without compensation.

We are fully focused in closing the loop and making sure that our responsibility for our products doesn't stop the moment the material leaves the factory. Therefor we developed our back-to-the-floor program. It contains reusing factory waste, taking back installation waste and even taking back old floors. Join us in this program and contact your local sales contact for all details.

CRADLE TO GATE

Circular ready

With the planet's resources vanishing quickly, it is of ever-growing importance to ensure a circular economy, where products are developed and manufactured to be recycled and reused for a new life and at the same time prevent and sequester carbon emissions.

Marmoleum is the perfect choice for those looking for a flooring option that is both beautiful and environmentally friendly.

Circular ready, reducing carbon footprint and increasing the use of post consumer recycled content, it can be used over and over again.

Long Lasting and highly durable thanks to the Topshield pro surface finish, the longer the floor can be used, the more circular it is.

Climate positive cradle to gate without offsetting. Produced with 100% green electricity.

DEALING WITH A FLOOR IN REAL LIFE

Marmoleum with Topshield pro is the ultimate flooring in many ways. The improved surface finish, developed with the latest technologies and based on our years of experience, keeps the appearance for longer and makes it smoother for easier cleaning. We can proudly say that Marmoleum is the best natural floor.

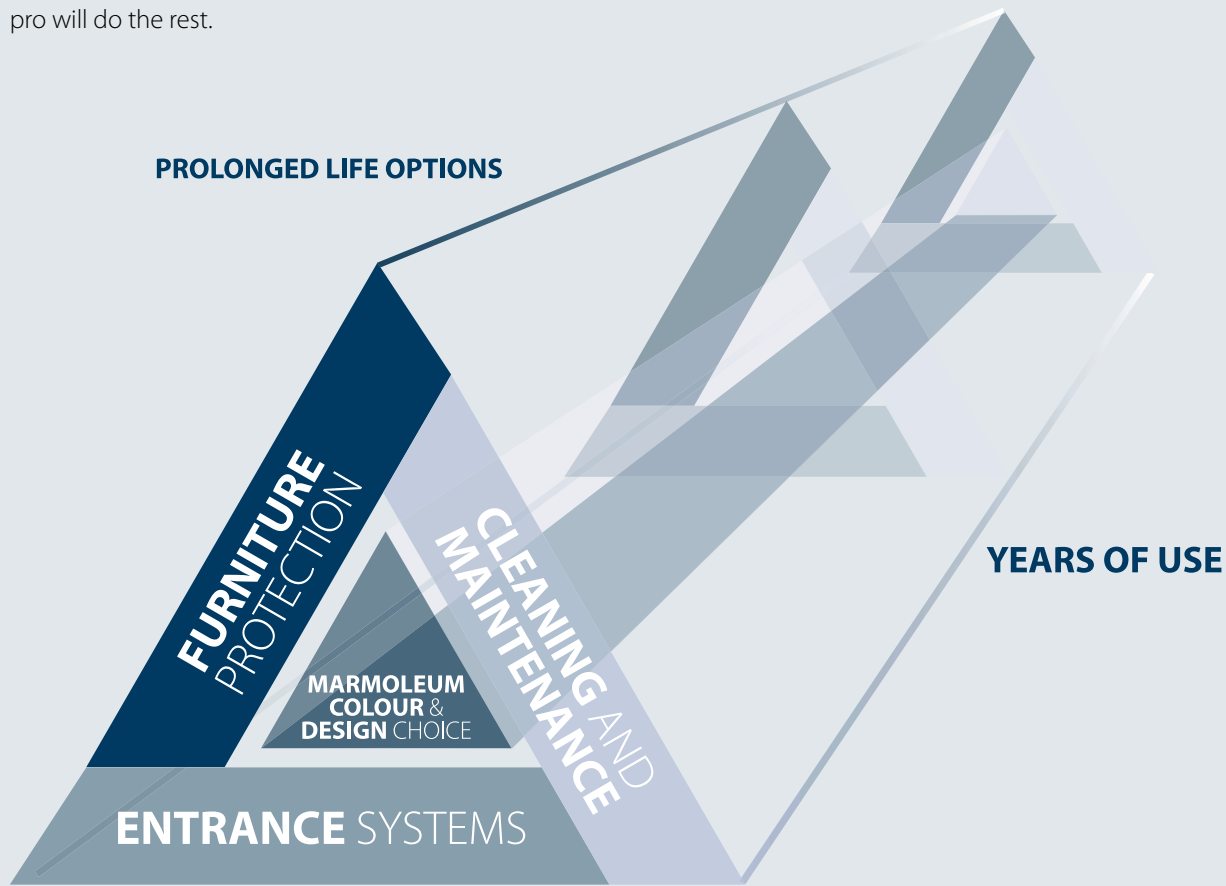

WHAT MAKES MARMOLEUM WITH TOPSHIELD PRO 3X BETTER

BEAUTY KEPT FOR LONGER

While Marmoleum with Topshield pro is designed to keep its appearance, it's important to follow some simple guidelines that will help keep the beauty of your floor for longer. When you can consider all elements of the triangle, Marmoleum with Topshield pro will do the rest.

marmoleum® cocoa

Circularity and beauty are united in Marmoleum cocoa. The contemporary design, refined aesthetics and modern selection of colours make it a timeless floor that fits every where. It combines the liveliness of cocoa husks with the calmness of mineral tones.

Marmoleum cocoa in total contains 43% combined recycled content derived from installation waste and uplifted flooring, but also internal recycling of production waste and other industry recycled materials like wood flour and cocoa husks. In this range, we aim to maximize the % of end-of-life recycled Marmoleum floors specifically.

3585 | stracciatella

marmoleum® walton

Presenting the pure character of linoleum. The solid identity of Marmoleum Walton with its smooth surface and minimal, unpretentious material expression makes it the ultimate & pure representative of our linoleum flooring.

Its plain visual makes Walton easy adaptable to the context it is used in, and the subtle texture gives it a soft and natural look. The contemporary color palette presents both cool grey tones, warm earthy shades and rich classic shades.

3369 | titanium

A modern interior space with a light-colored floor and walls. In the foreground, there are several colorful chairs: a dark red one on the right, a brown one on the left, and a green one in the background. A small yellow stool is also visible. In the background, there is a desk with a green lamp and some books. The space is bright and minimalist.

marmoleum® concrete

The looks of a modern concrete floor with the warmth and naturalness of Marmoleum. The Marmoleum concrete design differentiates itself from the classic Marmoleum flooring with its subtle concrete structure. Adaptive and versatile to the latest trends while staying true to its nature.

The collection contains four neutral concretes with a flash of colour that shimmers through the surface, ideal to make a matching combination with either a painted wall or a highlighting floor colour.

3732 | asteroid

marmoleum® piano

Piano is the Italian word for gently, plain, smooth or soft. In our Marmoleum Piano design a subtle soft fiber feel is combined with a plain background creating a semi-plain design. A tone in tone scattered design which, when installed, resembles a uni colour, but with incremental overtime visual retention.

marmoleum® OTHER COLLECTIONS

marmoleum® marbled

Discover the natural beauty of this sustainable flooring choice. The Marmoleum Marbled collection enhances the classic marbled pattern into 5 intriguing organic structures in a large range of true colours.

Its blend of colours provides a versatile floor design and combines perfectly with other surfaces such as woods and stones. There are five ranges in the Marbled category; Real, Fresco, Vivace, Splash & Terra.

marmoleum® linear

The Marmoleum Linear floor coverings are designed to create a contemporary and comfortable environment with a warm and welcoming feel for informal, natural settings with a homely atmosphere. An environment where we recover faster, feel encouraged to work, share ideas and learn.

COMPLEMENTARY COLLECTIONS

furniture linoleum

Furniture Linoleum is a unique surfacing material for furniture applications such as desks, stools, cabinets, doors, kitchens and displays. The material is naturally flexible and can be applied on all kinds of constructions.

This natural furniture surfacing material has a matt look and feels warm to the hand. Furniture Linoleum is renowned for its elegance and durability, radiating high quality and finesse.

Warm and tactile

Furniture Linoleum delivers a combination of a satin matt surface with a warm, fine texture creating interior furniture with a truly distinctive, genuinely individual look and feel that really is unlike any other surface material available. The natural character of Furniture Linoleum means that the material achieves a beautiful patina over time.

Designing with marmoleum®

Are you looking for something unique on your floor? That is also sustainable and durable? Our Designing with Marmoleum selection offers you just that.

With our Aquajet technique we can create the most precise and detailed floor designs. From laser engraved Marmoleum tiles to exciting designs created by international designers.

marmoleum® modular

Create your floor! The Marmoleum Modular collection presents sustainable linoleum tiles in various sizes & designs that allows you to create stunning floor designs. The planks and tiles are created around visuals of linear, solid and marbled and can be used to mix and match or on their own, both delivering a beautiful sustainable floor.

bulletin board®

Bulletin Board is a pinboard linoleum that offers a practical, simple solution to collect and exchange thoughts and ideas whenever people plan, create and meet.

Bulletin Board is an all-natural material that can be applied in framed or mounted pinboards or directly to the wall. Its surface is tactile & colourful, creating a decorative element in your space.

marmoleum® click

Fun to design, easy to install. Marmoleum Click consists of easy to install HDF panels with 2.5 mm Marmoleum on top and a sound absorbing cork backing. Simply slot Marmoleum Click together with a special tongue & groove locking system and literally click the panels into place. This natural floor covering is not only tactile and comfortable, it is also anti-static, durable and easy to maintain.

THE DYNAMICS OF A BUILDING

There is an increase in demand for transitional environments; spaces need to be able to evolve and adapt to new functions. These constantly changing spaces require walls and floors that can perform as a chameleon, with timeless colours and basic materials. The trends and changing mindsets inspired the Forbo Design team to analyse the different dynamics taking place within a building.

Five themes were identified; **receiving, moving, connecting, concentrating and recharging**, with each one referring to the different identities a space can have. They express a certain state of a person or an activity taking place within the building.

RECEIVING

The theme 'receiving' describes the scenario of a person entering a building; making a transition from the outdoors to the indoors. A space where one should feel welcome and is accessible and transparent as first impressions are key. This is the area of the building that should clearly represent the 'feel' of the brand and meet the expectations of the client to make them feel comfortable and at home.

MOVING

'Moving' represents the action towards the destination and the purpose of why someone is in a building. Orientation is priority, so these areas need to be clear to read and offer guidance even when one is stressed. The space needs to be legible and aid with wayfinding.

CONNECTING

The dynamics of a 'connecting' space signifies areas where you will connect with other people within a building, such as open public spaces for spontaneous interactions or semi open spaces for dialogues or brainstorming. These areas allow for an extrovert energy boost or to give the brain time out.

CONCENTRATING

For 'concentrating', the attention is on the individual and avoiding unwelcome distractions. These are secluded spaces for privacy and focus, and while concentrating, people need a muted ambience. Therefore, colour palettes in this area of a building should be subtle and quiet.

RECHARGING

'Recharging' is connected to mindfulness and describes relaxed environments where people can let down their guard and be themselves. This area of the building should reflect a home-like setting, to allow people to refresh and recharge. Light and fresh shades should be used here, encouraging people to take a break, breathe and escape.

HOW CAN WE HELP YOU?

We have given you all the benefits as to why a Marmoleum floor is the best solution for your project. We are happy to help you specify this further. Use our various tools or contact us directly.

More information about Marmoleum

Read the full Marmoleum story on our website.
