### 1. Identification of the product and company

Trade name : Quickfit

**Application of the product** : MDF underlay

**Manufacturer/supplier** : Forbo Flooring B.V.

Industrieweg 12

1566 JP Assendelft - The Netherlands

Telephone: +31 756 477 477

#### 2. Hazards identification

**Hazard description**: No particular hazard for persons and the environment known

#### 3. Composition/information on ingredients

**Description**: Medium Density Fiberboard (MDF) with contact adhesive.

Ingredients : Mixed Softwood 80-85%, polymerised resin, paraffin wax, moisture and

formaldehyde and polymer dispersion based contact adhesive. This product conforms to E1 formaldehyde levels as well as also complying with the lower levels required by CARB phase 2 (CARB

Phase 2 compliant <0.11ppm)

Hazardous ingredients : None

#### 4. First-aid measures

After inhalation : Inhalation of MDF dust can only occur during processing. If inhalation of

dust causes adverse effects, move to fresh air. If discomfort persists,

seek medical advise.

After skin contact : In case of irritation from dust generated by processing of MDF, wash

with water

After eye contact : If particles enter the eyes during processing immediately flush eyes with

plenty of water. Seek medical advise if irritation persists.

After swallowing : Not applicable

In accordance with EC Directive 1907/2006/EC

Revision No.: 2 Revision date: 01-02-2020

Page 2/4

5. Fire-fighting measures

Suitable extinguishing media : Water, foam, carbon dioxide, dry powder

Special hazards from the product itself, its products of combustion

itself, its products of combustion or resulting gases

Carbon Monoxide (CO), Carbon Dioxide (CO2) and Nitrogenous gases

may evolve.

**Protective equipment** : Use self-contained breathing apparatus

6. Accidental release measures

Person-related safety precautions: Not applicable

Measures for environmental

protection

Not applicable

Measures for cleaning/collecting: Not applicable

7. Handling and storage

Information for safe handling : No specific measure requiredInformation about storage : No specific measure required

8. Exposure controls/personal protection

Ingredients with occupational

exposure limits to be monitored : Softwood dust: OELV-8hr: 5mg/m3 (Sen)

Formaldehyde: OELV-8hr: 2ppm (2.5 mg/m3); OELV-15min : 2 ppm

(2.5 mg/m3)

General protective and hygienic

measures

During processing adequate ventilation and/or extraction should be

provided to minimise airborne dust from the MDF.

**Respiratory protection** : Use appropriate respiratory protection

**Hand protection** : Wear appropriate gloves to prevent skin contact with dust

**Eye protection**: Wear eye protection to prevent dust particles entering the eyes

**Skin protection**: Wear appropriate clothing to prevent skin contact with dust

In accordance with EC Directive 1907/2006/EC

Revision No.: 2 Revision date: 01-02-2020

### 9. Physical and chemical properties

Physical state : Solid underlay
Form : Panel and tile

Odour : None under ambient conditions

Melting point: Not applicableFlash point: Not applicableDanger of explosion: Not applicableDensity: 700-750 kg/m³

**Solubility** : Insoluble in water or conventional solvents

#### 10. Stability and reactivity

**Thermal decomposition** : No decomposition up to approx. 450  $^{\circ}$ C

Hazardous reactions : No hazardous reactions

**Dangerous decomposition** 

**products** : No dangerous decomposition products

### 11. Toxicological information

General information : No harmful effects have been reported to date

## 12. Ecological information

**Information about elimination**: Product is biodegradable and can be composted.

Other information : Insoluble in water

In accordance with EC Directive 1907/2006/EC

Revision No.: 2 Revision date: 01-02-2020

Page 4/4

### 13. Disposal considerations

**Product** : Incineration with energy recovery is the preferred disposal method.

Land filling in a permitted facility is an alternative. All applicable local and national legislation should be consulted before disposal.

Packaging : Packaging should be subjected to waste management schemes

(recovery recycling) in accordance local and national legislation

#### 14. Transport information

ADR : Not restricted
ADNR : Not restricted
RID : Not restricted
IATA : Not restricted
IMDG : Not restricted

#### 15. Regulatory information

Labelling in accordance with EC-

directives

The product does not require a hazard warning label in accordance with

EC directives or relevant national laws

Regulations on formaldehyde content: Fulfils the requirements of EN

13986 class E1 and CARB phase 2

#### 16. Other information

Department issuing MSDS : Quality Assurance

Contact : F. Seifert

The information in this Safety Data Sheet is based upon the present knowledge and experience.

The actual facts do not give any information about the qualities and properties of the product.
