Neutral pH Cleaner	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts & Gallons	1/2 - 1 Ounce per 1 Gallon of Water	Quart = 32 gallons of cleaner Gallon = 128 gallons of cleaner	Mop or Auto Scrubber	Keep From Freezing	2 Years
Heavy-Duty Cleaner	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts & Gallons	4 oz. to 1 Gallon of Water (1:32)	Quart = 32 gallons of cleaner Gallon = 128 gallons of cleaner	Mop or Auto Scrubber	Keep From Freezing	2 Years
Hydrogen Peroxide Cleaner	Flotex® Sheet; Flotex® Tile; Coral® Entrance Flooring	Quarts & Gallons	1 Ounce per Gallon of Hot Water	Quart = 32 gallons of cleaner Gallon = 128 gallons of cleaner	Carpet Extractor	Keep From Freezing	1 Year
Spray Buff	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts	Varies	5,000 - 6,000 ft <sup>2</sup>	Sprayer & Buffing Pad	Keep From Freezing	2 Years
Beta-Buff	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts	Varies	5,000 - 6,000 ft <sup>2</sup>	Sprayer & Buffing Pad	Keep From Freezing	2 Years
Mop On Restorer	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Gallons	16 oz. to 1 Gallon of Water (1:8)	128 gallons of cleaner	Micro-Fiber Applicator or Finish Mop	Keep From Freezing	2 Years
Matte Floor Finish	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts & Gallons	1 - 2 Coats	Quart = 450 - 550 ft <sup>2</sup> Gallon = 1,800 - 2,200 ft <sup>2</sup>	Micro-Fiber Applicator or Finish Mop	Keep From Freezing	2 Years
Gloss Floor Finish	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts & Gallons	2 - 3 Coats	Quart = 450 - 550 ft <sup>2</sup> Gallon = 1,800 - 2,200 ft <sup>2</sup>	Micro-Fiber Applicator or Finish Mop	Keep From Freezing	2 Years
Residential Floor Finish	Marmoleum®; Walton; Marmoleum® Dual Tile; MCT; Eternal	Quarts & Gallons	1 - 2 Coats	Quart = 450 - 550 ft <sup>2</sup> Gallon = 1,800 - 2,200 ft <sup>2</sup>	Damp Mop, Sponge or Applicator	Keep From Freezing	2 Years

**NOTE:** To remove Forbo's Residential Floor Finish, dilute 1 part of Forbo's Neutral pH Cleaner to 4 parts of warm water. Use a sponge mop and spread the solution liberally over a 3' x 3' area. Be careful not to flood the floor. Scrub the floor with a nylon pad. Pick up the excess solution with a clean mop or cloth. The floor should be rinsed with clean cool water and allowed to dry thoroughly. Move to the next area of the floor and repeat the process.
