

flotex[®] sheet

THE choice for senior living

Reasons to choose Flotex[®] flooring for your facility:

- **Durable** – Resists crushing and matting due to 6.5 million upright nylon 6,6 fibers per sq ft.
- **Easy to Clean** – Dense, upright fibers allow dirt to be easily removed by vacuuming, with no loops or twists to trap dirt.
- **Slip Resistant Wet & Dry** - Provides safety and minimizes liability from slips and falls.
- **Hygienic Sanitized[®] Antimicrobial Treatment** – Inhibits the growth of MRSA, C-difficile, CRE, E.coli, and fungus on the product.
- **Closed Cell Cushion Backing** - Comfortable, quiet, warm under foot, and 100% impervious to water (waterproof).
- **Eliminates Odors** – Sanitized[®] antimicrobial treatment effectively combats the development of odors that are associated with bacterial growths feeding on absorbed liquids and soil. Does not allow moisture to penetrate and fester between the primary and secondary backings as can be the case with traditional carpet.
- **Healthy Living with Improved Indoor Air Quality** – Dirt and allergens are easily removed by vacuuming.
