## EUROPLAN SAND 846/847

### Quartz Sand

---

---

**Use for:**

**846 quartz sand:**

For use in combination from filling compounds such as 940 Europlan Quick  
For sand blinding primers such as 021 epoxy, 025 epoxy, 028 epoxy or 042 PU  
For sand blinding of joint filling compounds such as 913 Silicat.

**847 quartz sand fine:**

For mixing in to 021 ep primer to make an epoxy mortar.

---

**Technical data:**

Is a natural product, is free from contaminants and pH neutral  
When manufactured the sand is washed, fired and sieved.

Grain size **846 Quartz Sand** 0.4-1mm  
**847 Quartz Sand fine** 0.1-0.4mm

---

**Packaging:**

25 kg in PE sacks

---

**Special Note:**

Any application method/ conditions other than specified in this Technical data sheet require explicit manufacturer's approval. In case of deviance in application method/ conditions liability by manufacturer cannot be guaranteed.

This technical data sheet contains advice on handling and application of the product, based on experience and tests run by the manufacturer in laboratory and practical work. The information supplied by the manufacturer are non-binding and cannot be used as a basis for establishing the manufacturers liability for any damages caused. The values stated in this technical data sheet were measured under standard laboratory conditions. As application conditions outside the laboratory vary strongly this technical data sheet must be considered a guide only.

Therefore, the manufacturer does not take liability for damages caused by the customer's utilization of the technical data sheet content. As the usage, processing- and storage conditions on site are beyond the manufacturers influence, a warranty for the processing result cannot be given. This also includes the infringement of any rights for the protection of third parties.

Sufficient testing areas are to be provided before final application. Relevant national norms and regulations of the industry are to be observed. Outside Germany valid, relevant national norms and regulations, must be taken into account and to follow by the customer. It is the responsibility of the customer to check product suitability for the intended procedure and purposes prior to use. This Technical Information supersedes all previously issued application data sheets and product information are no longer valid!

Technical information and Material Safety Data Sheets of concomitantly used installation materials must be followed carefully.
