

step®

Surestep and Safestep are Forbo's offer in slip resistant vinyl. The collection is slip enhanced with carborundum or aluminium oxide particles providing an R10 to R12 rating without affecting the clarity in design. The Wood and Stone designs look good in luxurious coaches and for creating warm and user-friendly areas in buses while ensuring slip resistance.

surestep® & safestep®

Surestep and Safestep provide proven design and functionality. With a wide colour palette and a highly durable slip resistance this range provides a good choice for many types of transport applications. Safestep offers slip resistance up to R12.

Surestep can optionally be provided with a felt backing to improve the adherence properties in combination with specific adhesives and sub-floors.
