FLOORING SYSTEMS

## OFFICE

---

Forbo Flooring Systems can offer a wide range of textile and resilient floor coverings for commercial office interiors. Available in modular and sheet formats, we have solutions for more than just the main office area, including entrances, kitchens, toilets, tea points and more. Many of our floor coverings are stocked in the UK and are suitable for raised access floors.

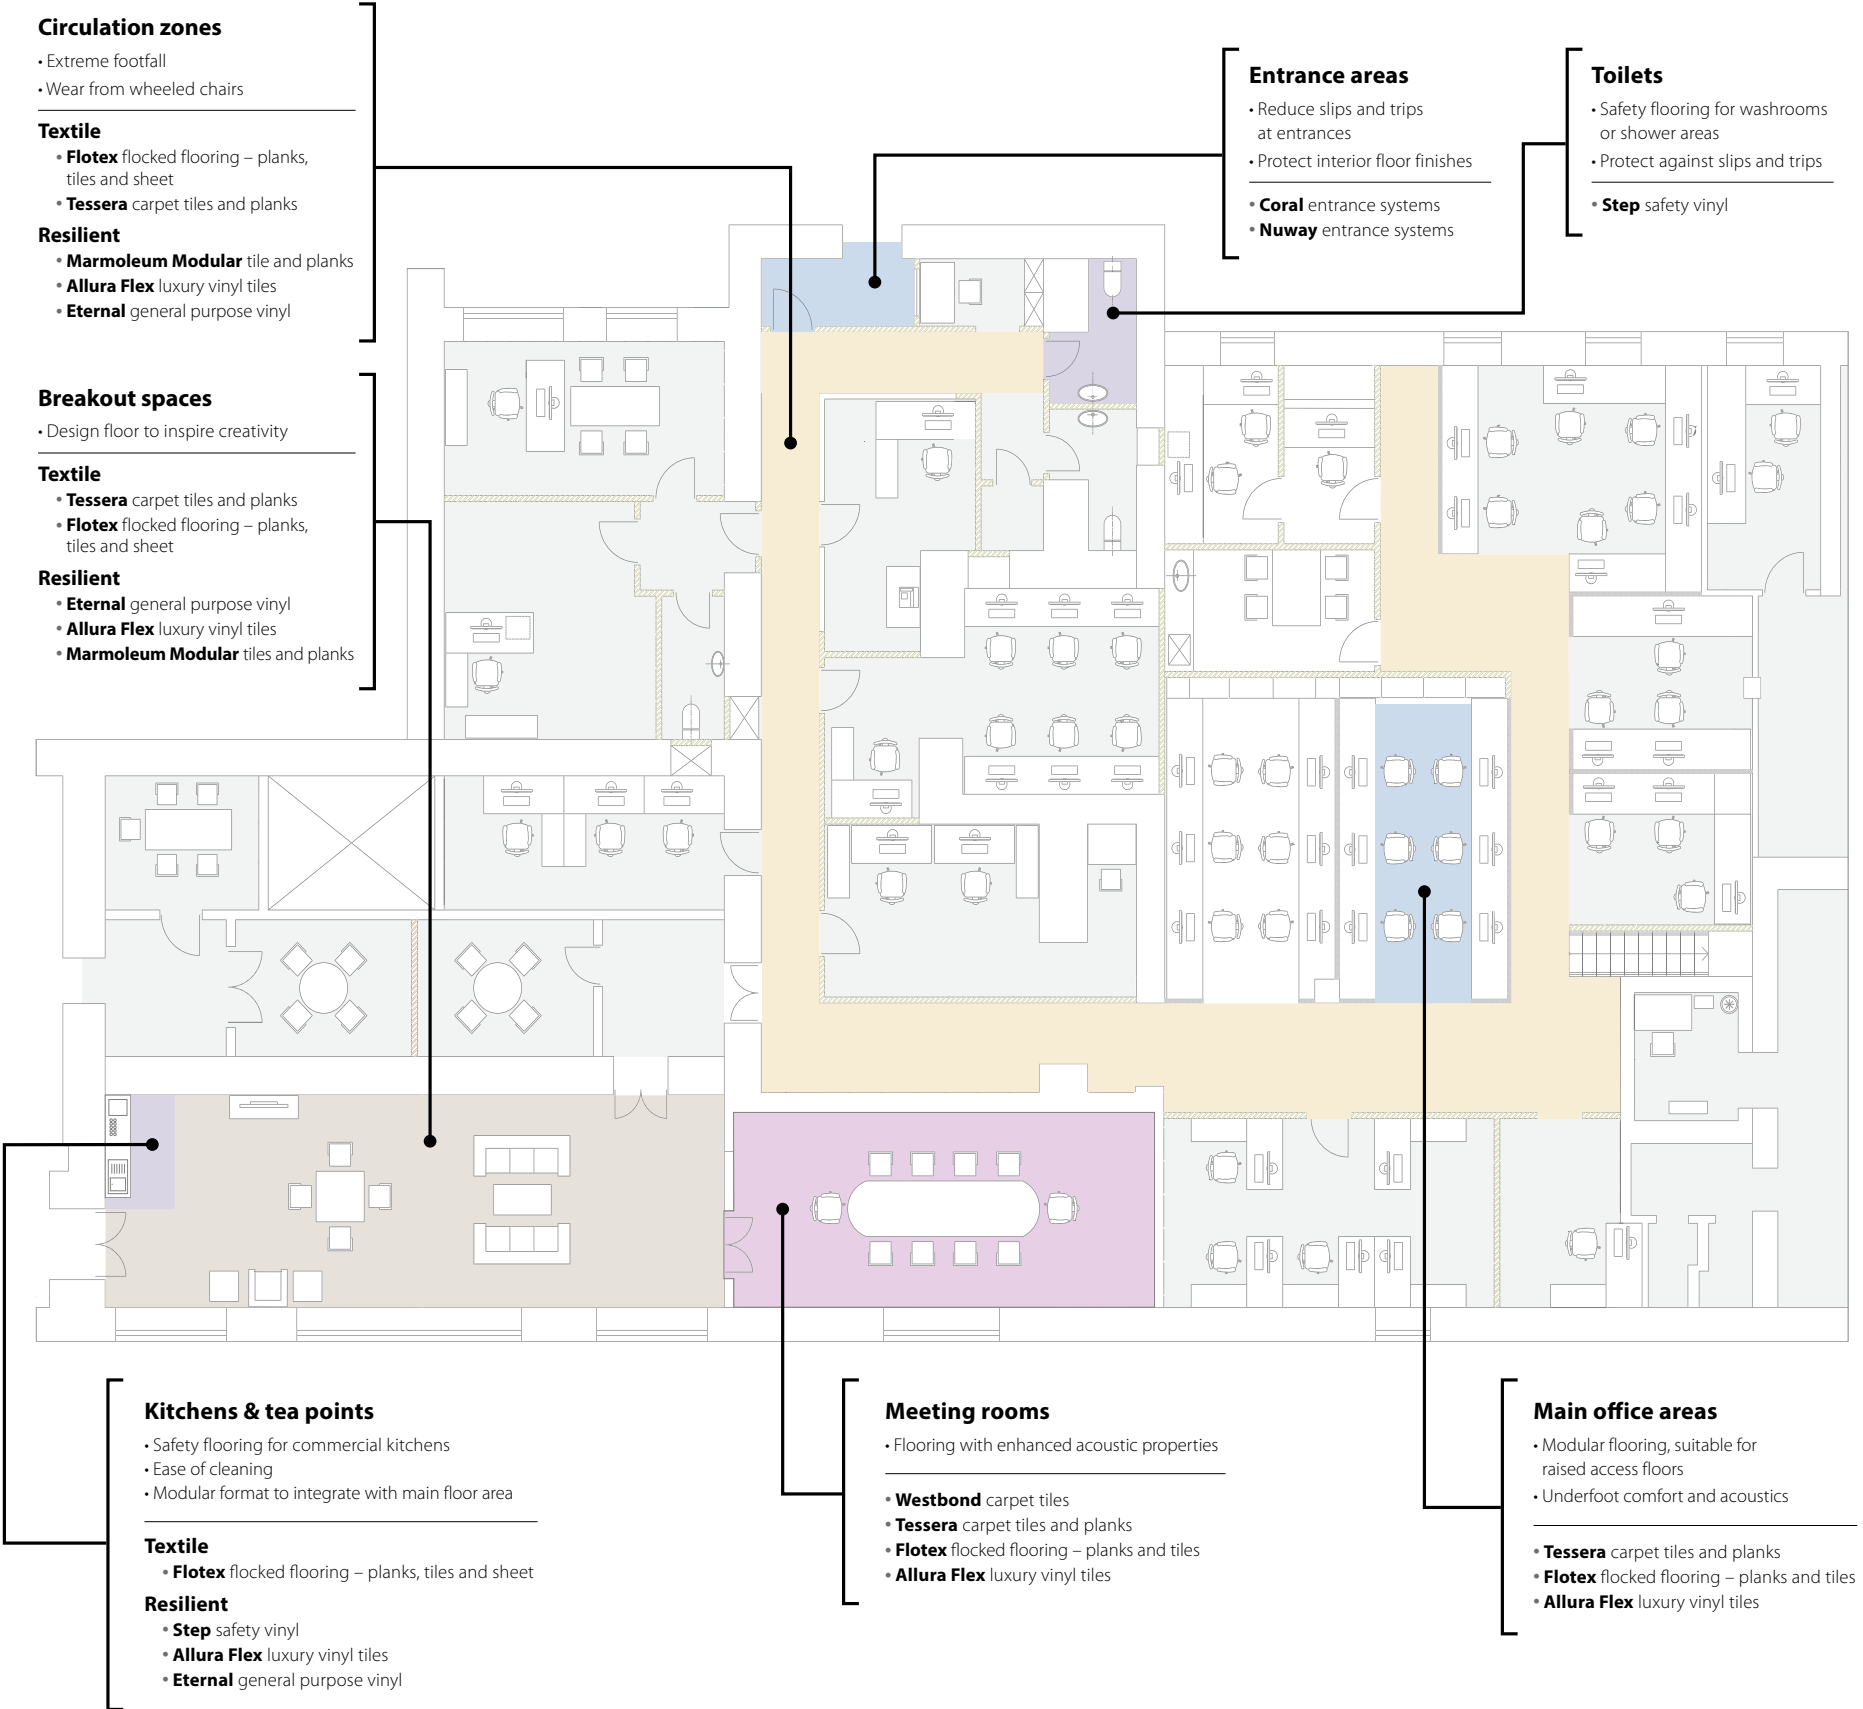

At Forbo we understand the importance of designing a commercial workspace that enhances productivity, employee satisfaction, health and well-being, which is why our in-house design teams have developed a portfolio of floor coverings with a holistic approach in mind. To find out more, visit

# FLOORING REQUIREMENTS AND SOLUTIONS BY AREA

## allura flex LVT

Allura Flex is a collection of high quality vinyl tiles that are adhered with a tackifier rather than a permanent adhesive making them ideal for use alongside carpet tiles without the need for a transition strip. This high performance vinyl tile collection comes in an array of realistic wood, stone and abstract designs.

- Available in realistic, natural wood and stone-look designs
- Available in planks and tiles of varying lengths and sizes
- Suitable for raised access floors
- PUR pearl finish ensures durability and easy maintenance
- Embossing for realistic design
- 1mm wear layer for excellent durability  
(full Flex range is also available with a 0.55mm wear layer)

This sample book contains the Allura Flex colourways that are stocked in the UK but a wider range is available. For more information, please visit **[www.forbo-flooring.co.uk/alluraflex](http://www.forbo-flooring.co.uk/alluraflex)**

## flotex® planks

The performance attributes of Flotex, along with the design versatility of the plank collection, make it ideal for use in workspaces as well as high traffic areas such as call centres and workspaces.

### Sophistication and style

Flotex planks offer endless possibilities to mix and match colours within one design. Laying patterns can also create stimulating and lively environments with weave patterns or herringbone designs. Alternatively, as Flotex planks show little repeat in their patterning, they can be used to create interesting and beautiful floors even when only one single colour is used.

# coral<sup>®</sup> entrance flooring

Entrance flooring has a critical safety role to play. It helps to reduce slips and trips as well as protecting interior floor coverings, prolonging their life cycle and saving end users both time and money. Coral can stop up to 95% of dirt and moisture entering a building and reduces cleaning time by up to 65%.

An installation of Coral can pay for itself within 6 months. Coral is available in sheet, tile and click formats for easy installation.

For more information, please visit [www.forbo-flooring.co.uk/coral](http://www.forbo-flooring.co.uk/coral)

## step® safety vinyl

Responsible for many accidents that lead to injury, slips and trips, floors have a lot to answer for. By choosing a genuine HSE compliant Forbo safety floor the number of accidents caused by slipping can be reduced significantly. Our Step safety vinyl floor coverings have guaranteed life time slip resistant performance and offer safety solutions for a wide range of applications. Varying from R10 slip resistance (Surestep & Solidstep) to R11 and R12 (Safestep) for areas where higher slip risk is identified, such as kitchens and bathrooms.

# allura

Over the past decade Allura LVT has established itself as one of the most popular brands in our product portfolio. This unique luxury vinyl tile collection, which is designed and manufactured by Forbo in Europe, offers over 100 designs in a wide variety of plank and tile sizes, including herringbone and straight planks. Allura LVT has excellent dimensional stability, lasting protection and endless design possibilities.

Thanks to the 1.5m print circumference, there is no repetition between planks or tiles in boxes, ensuring a natural looking floor with minimal pattern repeat for an authentic look and feel.

Allura LVT is available in three installation formats to suit you. Alongside Allura Flex, our loose lay tackifier option, Forbo also offers Stick and Click options. Stick is our standard “dry back” option, which is glued down to a subfloor with permanent adhesive. Allura Stick is available with 0.4, 0.55 and 0.7 wear layer thicknesses. Click is our patented click system that offers quick and easy installation with no need for adhesives.
