FLOORING SYSTEMS

flotex® colour

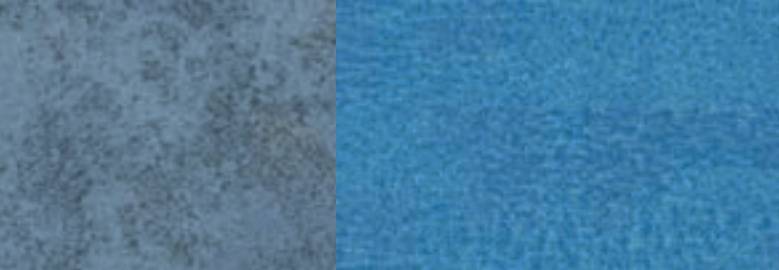

Smart. Innovative. Colourful

What's your choice?

Colour can communicate a powerful message without the need for words, it evokes strong emotions, creates striking associations and will affect the mood and visual impact of every environment. Colour has character and conveys our feelings and values. It is a fundamental part of our freedom to choose. That is the power of colour.

Calgary | cement | s290012

Metro | nimbus | S246005

Penang | smoke | S482005

Canyon | limestone | s445022

calgary

Calgary offers a wide range of colours in a soft, natural design that can easily be combined with other Flotex or resilient ranges such as Allura LVT. Calgary is the perfect choice for application areas that require a muted ambiance.

metro

Metro is a versatile, semi-plain floor design which covers a wide and modern colour bank. The understated pattern conveys texture without definite form, creating an authentic feel that is unique to Flotex flocced flooring.

penang

Penang represents a stunning look for any modern environment. Its hint of wood grains provides a quiet, neutral floor design.

canyon

Canyon is a heavily grained semi-plain inspired by natural earth and rock. It has a distinctive strong texture with a medium contrast.

flotex® colour BORDERS

Flotex borders help you to be creative when designing your floorspace by offering the ability to frame an area, separate spaces or provide an edge to your floor with a solid insert. Flotex borders are uni coloured strips available in 11 or 22 cm widths, which can be used in combination with Flotex sheet.

flotex® colour LEISURE & HOSPITALITY

Inviting and appealing with a clear visual statement; making a good first impression in your restaurant, hotel or leisure facilities is vital. As one of the largest spaces in any area, the flooring can provide the basis for making an impact, creating an identity and wowing the customer. Acoustics and cleanability are top of the performance list for leisure and hospitality venues, the floor design will do the rest.

WASHABLE

Flotex is truly washable and dries very quickly, it also maintains its slip resistance even when wet, making it perfect for busy environments with minimal downtime.

Kurshi hotel, Latvia

flotex® colour EDUCATION

Slip resistant, comfortable and quiet, Flotex flocked flooring is ideal for the education sector, ranging from nurseries all the way up to higher education. With engaging designs to suit all ages and great acoustic properties, Flotex can create a productive learning space for students.

It's also safe and warm - great for younger children to play on! With a wide range of over 90 colours and a variety of formats, vibrant and inspiring floor designs can be created that both adults and children will love!

What's more, it is the first textile floor covering to be awarded the Allergy UK Seal of Approval™, helping to create a better indoor environment for students and staff alike.

Up to 22 dB

Impact sound reduction and 0.25 dB in room sound rating

Sound absorption in educational spaces is one of the most important features to minimise noise and enable students and staff to have a productive day.

Chungnam Library, Korea

flotex® colour HEALTHCARE

Getting the balance between safety, hygiene and comfort is essential in a care environment, whether that be a hospital or a care facility. Flotex offers the warmth and underfoot comfort of a carpet whilst having an impervious backing for very easy and effective cleaning.

The short flocked pile of Flotex will minimise accidents, all whilst being slip resistant in both wet and dry conditions. With a range of 90 colours available, choosing calming and soothing hues to create a homely environment is made easy without compromising safety or hygiene.

Forbo have partnered with Dementia Services Development Centre (DSDC), an international centre which draws on 25 years of global research and practice. Together we have identified a wide variety of Flotex colourways that contribute to improving the quality of life for people with dementia, based on helping them navigate with more ease, reducing stress and anxiety.

**EXCELLENT
SLIP RESISTANCE**

Flotex is safe to walk on even for people that are less stable on their feet. A safe feeling that adds to the comfort of the surrounding.

Erskine Court Care home, United Kingdom

flotex® colour OFFICE

Office designs require inspiration for collaborative spaces as well as good acoustics to enhance productivity. There are a wide range of commercial office-friendly designs in the Flotex flocked flooring collection, including sheet, tile & plank formats that lend themselves well to contemporary or classic environments.

Stimulate & motivate staff with an uplifting design whilst giving them a workspace that is quiet & comfortable.

Flotex is the first textile floor covering to receive the prestigious Allergy UK Seal of Approval™ as it can improve indoor air quality and reduce allergens for employees. It is also a truly washable textile, making it extremely quick & easy to clean.

LOW ROLL RESISTANCE

Flotex has a low roll resistance so it is easy to use in offices. Because of its durable construction the fibres will return to their original position and the floor remains as new.

Vodafone office, Italy

flotex® colour RETAIL

As modern retail interiors need to work that little bit harder to attract customers and increase browsing time, effective design, clear wayfinding and consumer comfort are all important factors. With Flotex, all of these requirements can be met as its easy to clean and durable construction ensures it stays looking good for years to come.

MACHINE CLEANING

A safe, comfortable shopping environment with a floor that can be machine cleaned. Flotex can handle high traffic and is built to last.

Toy Shop, Czech Republic

flotex® colour ACOUSTIC PLUS

Acoustic hindrance is one of the most complained about topics in the work environment. Improved acoustic properties help to increase concentration and productivity.

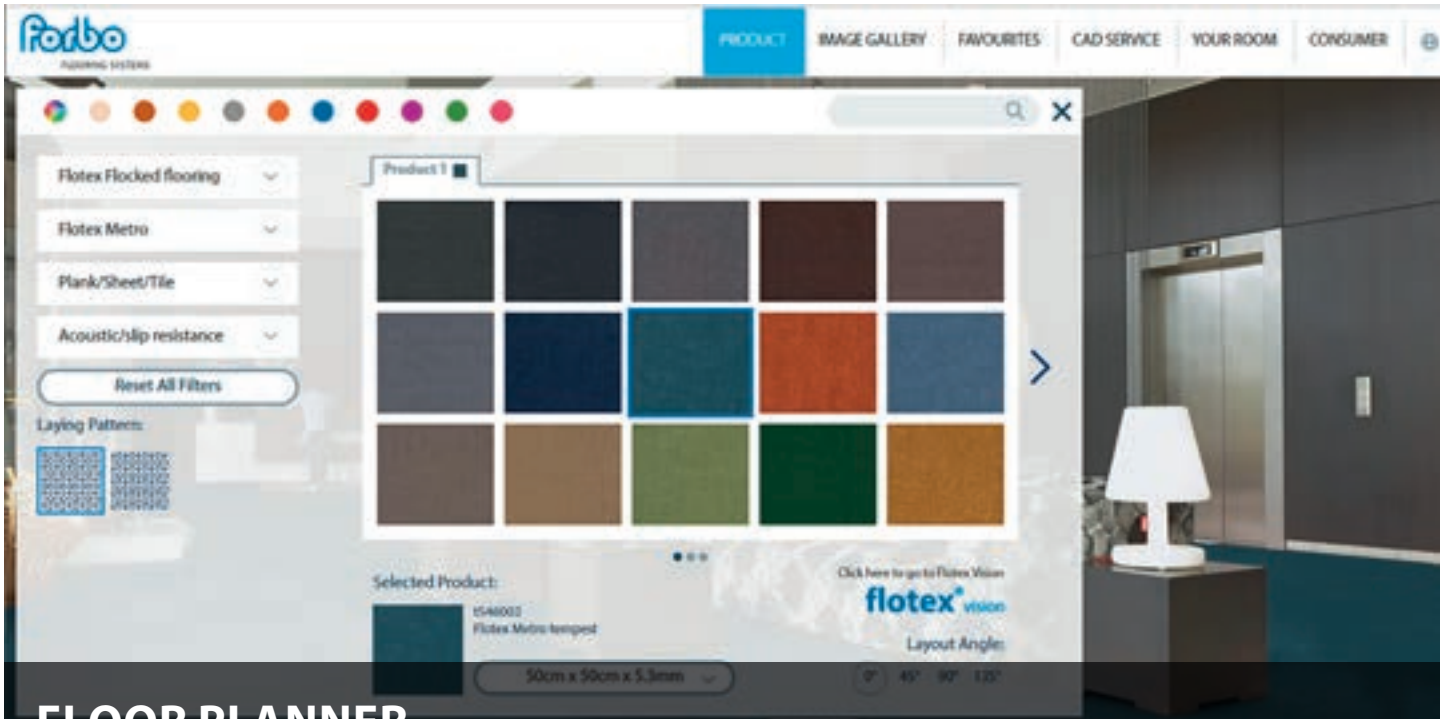

For additional acoustic properties, we can offer a special backing for Flotex tiles that increases the impact sound reduction by 3dB to a total of 22dB, substantially enhancing acoustic performance where a calm and quiet environment is highly important.

Flotex Acoustic Plus offers a good sound absorption rate of 0.25 dB, which is comparable to most commonly used carpet sheet and tiles. Alongside sound absorption, Flotex Acoustic Plus also offers a very good shock absorption rate. This is relevant for areas where people are standing for a long time and underfoot comfort is important, such as retail spaces.

Acoustic Plus backing is available as a stocked item in Metro Grey T746006. All other colours are made to order with a minimum order quantity of 700m².

Vodafone office, Italy

FLOOR PLANNER

Our floor planner allows you to drop products in from across our product portfolio into a selection of room shots, giving you the freedom to visualise how your scheme will look. For more information, please visit:

www.forbo-flooring.co.uk/floorplanner

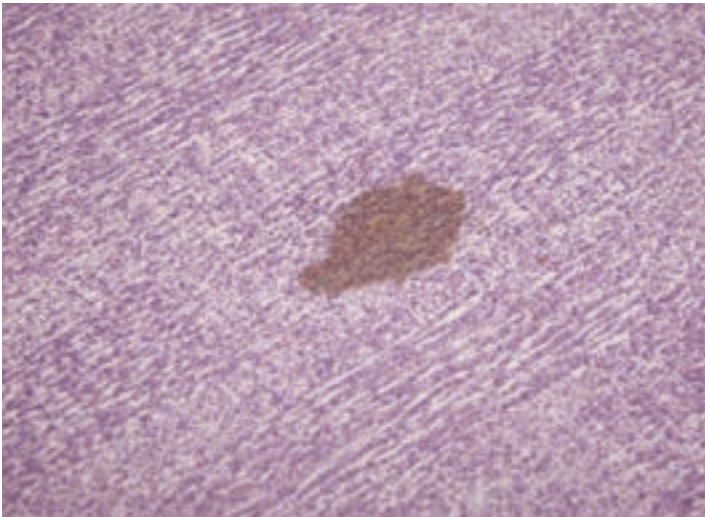

flotex[®] colour

CLEANING AND MAINTENANCE

Always install entrance matting to keep as much dirt out of the building. Forbo's Coral entrance matting system can stop up to 95% of dirt entering a building, helping to prevent slips and protect your interior floor coverings so they retain their visual appearance for longer.

Spot cleaning

Many kinds of spills can be removed with just clean, warm water or a carpet detergent. Heavier and more stubborn spills can be removed using a scraper and a brush.

Regular cleaning

Daily vacuuming and regular spot stain removal keeps Flotex looking like new for years to come.

Maintenance

Periodic maintenance using spray extraction or a 3 in 1 machine will guarantee the best results from Flotex.

Please visit www.forbo-flooring.co.uk/cleaningandmaintenance for detailed instructions and videos.

OTHER FLOTEX COLLECTIONS

FLOTEX PLANKS

The performance attributes of Flotex along with the design versatility of the Plank collection, make these modular floor coverings ideal for use in workspaces as well as high traffic areas such as education spaces, hotels, gyms and more.

FLOTEX LINEAR

Flotex Linear flocked flooring offers a stylish display of 5 individual linear designs that can be used in various installation types. The Flotex Linear collection is colour coordinated across the various ranges and can be combined to create exciting floor designs. Sheet and tile formats of the collection give room for additional combinations.

FLOTEX VISION

Flotex Vision is a unique collection of over 500 digitally printed designs in high level photographic resolutions of up to 650dpi. Whether it be floral, geometric or realistic images of natural materials like grass, there's something to suit every taste and requirement.

FLOTEX BESPOKE

Flotex is the ideal blank canvas for designers to create flooring concepts with the 'wow' factor. Design something bespoke for a truly individual solution that will perfectly complement your interior design scheme from just 60m².

FLOTEX X BY PHILIPPE STARCK

Forbo Flooring Systems collaborated with visionary creator Philippe Starck in designing a highly innovative collection of floor covering systems: Flotex by Starck. Philippe Starck created a collection of 3 systems, named Vortex, Artist and Twilight. Each of them comes in four separate parts that can be freely arranged to create patterns for your project that adapts to your needs and preferences.

FLOTEX TIBOR

Pioneering textile designer Tibor Reich - creator of Tibor - was one of the most prominent figures in the British post-war textile industry. Forbo has teamed up with this British design legend on an exciting new flooring range. Most of the designs are derived from Tibor's ground-breaking Fotexur collection, launched in 1957. Printed on Forbo's Flotex flocked flooring in vibrant colours, Tibor's innovative Fotexur designs have a timeless feel, despite dating back 70 years.

FLOTEX SOTTASS

Groundbreaking both aesthetically and technically. Flotex Sottsass flocked flooring is the result of a creative collaboration between Forbo Flooring and the Italian design studio Sottsass Associati, which is responsible for the famous Memphis Design trend at the end of the last century. The Sottsass designs present unique, organic forms and irregular, apparently random patterns.

OTHER FORBO COLLECTIONS

Forbo Flooring Systems is a global player in high-quality commercial flooring & total flooring solutions that include Linoleum, Vinyl, Luxury Vinyl Tiles, Flocked Flooring, Carpet Tiles and Entrance Flooring Systems. We focus on environmentally friendly, functional and design-orientated luxury flooring. To explore our full portfolio, please visit www.forbo-flooring.co.uk/products.

CORAL

The first steps in protecting your building. By stopping up to 95% of walked in dirt and moisture, our Coral entrance matting can prolong the life of your floor as well as greatly reducing cleaning costs and the risk of slipping. With 50 years of experience, Coral offers you more choice than ever before.

TESSERA

Tessera tufted carpet tiles and planks are renowned for their aesthetic styling and outstanding performance, even in the most demanding of heavy traffic environments. Offering a diverse range of constructions, including loop pile, cut pile, cut & loop pile and random lay-batchless, the comprehensive Tessera collection includes contemporary and classic styles, plains, patterns and solid colourways to enhance a wide variety of commercial and public sector interiors.

ALLURA

Are you looking for the aesthetics of natural wood or stone floors with the advantages of strong, comfortable and durable vinyl? Our new Allura LVT collection is inspiring and offers over 100 different designs including our widest collection of woods. In addition, we offer 3 installation formats: Stick (fully adhered), Tack (loose lay tackified) and Click.

MARMOLEUM

Marmoleum, our main linoleum brand, is a natural floor associated with sustainability, durability, high quality and innovative design. Our Marmoleum collection includes solutions for virtually any type of application. Discover the versatile world of Marmoleum with over 300 colours and more than 12 different structures to choose from, available in sheet and modular tile formats.
