- ✓ *Flocked flooring*
- ✓ *General purpose vinyl*
- ✓ *Safety flooring*
- ✓ *Acoustic flooring solutions*

Marmoleum: From Soil to Surface

Marmoleum is a sustainable and eco-friendly flooring option made from 98% natural raw materials, drawn from the earth's rich resources. It's a climate-positive choice, certified by the International Living Future Institute (ILFI) and the Living Building Challenge. Marmoleum is also phthalate-free, Red List-free, and free from harmful chemicals. Inspired by nature, Marmoleum is a durable, maintenance-friendly, and aesthetically pleasing flooring solution that connects you with the natural world.

Linseed oil is pressed from the seeds of the flax plant.

Rosin from pine trees is heated with linseed oil to create a linoleum paste mix.

Finely ground upcycled wood from certified forestry industry trees is added to the linoleum paste mix.

Limestone, organic pigments, and natural iron oxide are added to create the color and texture of the linoleum granules.

The fibers from the jute plant are used to create a jute mesh carrier, which is calandered with the linoleum to create the final product.

benefits of marmoleum® with topshield™ PRO

1. Ergonomics:

Marmoleum provides stability and traction for comfortable foot traffic, low resistance to wheeled traffic, and helps reduce strains compared to other flooring types.

2. Infection Control:

Marmoleum inhibits bacteria growth, has bacteriostatic qualities, reduces contamination, and complements standard infection control practices.

3. Non Heat-Welded Marmoleum:

PVC and plasticizer-free, with no heat welding required for hygienic seams, saving time and money in installation.

4. Cost-effective:

Marmoleum boasts a low cost of ownership, long-lasting appearance retention, scuff and scratch resistance, and repairable surface damage.

5. Adhesive:

Adhesive installation creates a 100% bond to the substrate, preventing damage from moisture and chemicals and offering high moisture-resistant adhesives.

6. Sustainability and Safety:

Marmoleum is a sustainable, eco-friendly flooring option made from natural materials that is PVC, Phthalate, and Red List-Free. It is carbon-negative, promotes a healthier environment, and meets LEED, Well, and ILF credit requirements. Forbo offers detailed Environmental Transparency information for transparency on Marmoleum's environmental and health-related aspects.

7. Durable:

Made with natural ingredients, Marmoleum becomes more durable over time and has a 30-year System Service Life and warranty.

8. Scratch-resistant:

Features TopShield finish for scratch resistance, clean-and-go installation, and repairable surface damage with a 30-year warranty.

9. Climate Positive:

The flooring has CO₂ uptake in the product itself, contributing to a sustainable future and combating global warming.

10. Diverse Design Options:

Marmoleum offers a wide range of trendy designs, colors, and patterns to suit any interior space, providing versatile and aesthetically pleasing design options.

marmoleum® modular | marble

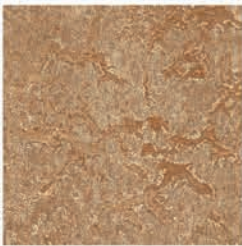

LENGTH X WIDTH : 19.69 IN X 19.69 IN | 19.69 IN X 9.84 IN | 9.84 IN X 9.84 IN

SOUND SOLUTIONS

The Sweet Sound of Silence:
How Marmoleum Can Save
Your Sanity & Your Ears!

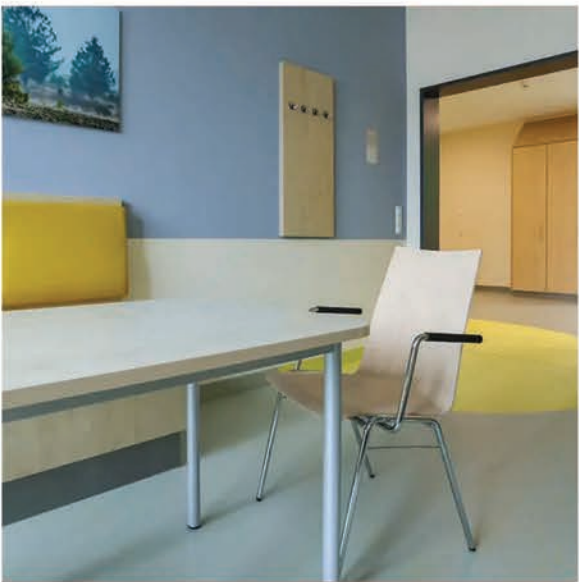

If you're exhausted by constant noise and long for a peaceful retreat, Marmoleum is the solution you need. This innovative material can transform your environment into a serene sanctuary, allowing you to relax and recharge without distractions.

Noise pollution can have serious consequences on health, leading to issues such as sleeping disorders, headaches, memory loss, and learning difficulties due to prolonged exposure to excessive noise.

Marmoleum is an exceptional material designed to effectively reduce noise levels, insulate sound, and absorb impact noise, boasting impressive ratings for Noise Reduction Coefficient (NRC), Sound Transmission Class (STC), and Impact Insulation Class (IIC) to ensure optimal performance.

Marmoleum Decibel offers excellent sound reduction of 18dB, making it ideal for workplaces like offices and schools, or for those seeking a tranquil atmosphere.

Discover the tranquility of silence with Marmoleum by contacting your local sales representative or visiting www.forboflooringna.com to explore the variety of colors and learn how this flooring can transform your space into a serene oasis.

flotex® planks | wood

LENGTH X WIDTH | 39.37 IN X 9.48 IN

- Waterproof - 100% impervious to water
- Durable - 46,000 upright nylon 6.6 fibers per in², resists crushing and matting
- Easy to Clean - Dense, upright fiber makes it easier to clean (no loops or twists to trap dirt)
- Soil & Stain Resistant - Most spills can be removed, including permanent marker
- Slip-Resistant Wet & Dry - Provides safety and minimizes liability from slips and falls

Flotex Elevate takes us on a journey across North America where we soar above the Grand Canyon and across the fields of Kansas, over the treetops in Quebec to the Arctic Sea. We marvel at the unique beauty found in amusement rides, railroad cars, and city streets. Flotex provides the perfect canvas to capture our North American experience, with leading-edge digital print technology and our unique flocked construction for time-tested durability.

flotex® principles

ensure | empower | explore | encourage

LENGTH X WIDTH | 9.84 IN X 39.37 IN

- Waterproof - 100% impervious to water
- Durable - 46,000 upright nylon 6.6 fibers per in², resists crushing and matting
- Easy to Clean - Dense, upright fiber makes it easier to clean (no loops or twists to trap dirt)
- Soil & Stain Resistant - Most spills can be removed, including permanent marker
- Slip-Resistant Wet & Dry - Provides safety and minimizes liability from slips and falls

- Color Spectrum:**
 A vibrant mix of colors includes cool colors like grey lavender, bold ochre yellows, warm pinks like Elegance Blush, and soft pinks like Salmon. It also has natural shades with soft browns, beiges, and muted greys (including earth brown), calming greens like sage, and modern neutrals with bold accents.
- Trendy Design Integration:**
 Colors inspired by global trends for seamless integration with the Eternal[®] collection and other Forbo's products.
- Customization Potential:**
 Combines colors for personalized palettes that reflect individual styles in any interior project.

allura®

Allura, Forbo's latest flooring collection, offers innovative, nature-inspired designs that combine aesthetics with sustainability and technology.

The collection features:

Diverse Designs & Functionality

Adaptable to various environments, ranging from calming to bold styles.

- Wide range of wood and material floor designs
- Various tile and plank sizes available
- Available in different flooring solutions
- Special acoustic LVT collection available

Enhanced Performance & Durability

Engineered for long-lasting resilience in high-traffic areas.

- Advanced production technology for maximum dimensional stability.
- Exclusive lacquering system for durability and scratch resistance.
- Top layer prevents scratching and staining.

Sustainable Solutions & Practices

Committed to minimizing the environmental impact of flooring.

- Made with sustainable and renewable raw materials.
- Carbon neutral and zero-waste production.
- Designed with circularity and users in mind.
- Maximizing use of sustainable materials for a greener future.

Installation & Maintenance

Simplifying the care and upkeep of your flooring.

- Easy to install, clean, and maintain.
- Design allows for easy replacement when needed.

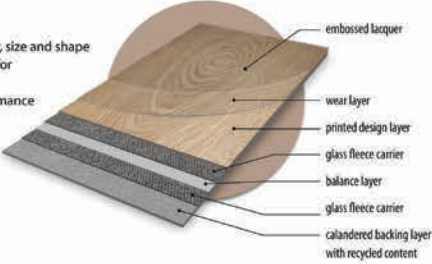

Versatile Variety & Choice

Offering a plethora of options to suit diverse tastes and preferences.

- Available in 64 designs in a wide range of sizes (wood, stone, abstract visuals)

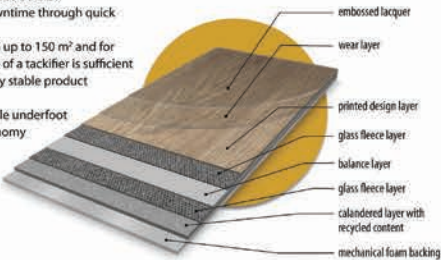

allura® dryback

- FULLY ADHERED
- Largest choice in design, colour, size and shape
 - Most durable, reliable product for applications of any size
 - Maximum certainty and performance with a glued down product

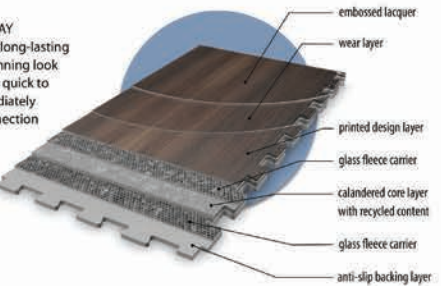

allura® flex^{II}

- LOOSE LAY AND TACKIFIED LOOSE LAY
- Reduction of valuable downtime through quick and easy installation
 - Fully loose laid installation up to 150 m² and for larger installations the use of a tackifier is sufficient
 - High quality, dimensionally stable product with extra balance layer
 - Quiet floor and comfortable underfoot
 - Ready for the circular economy

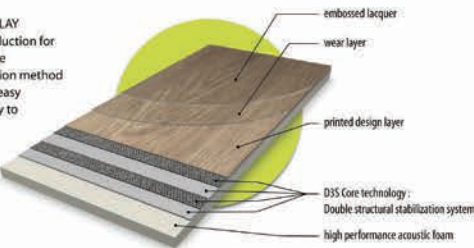

allura® puzzle

- PUZZLE CONNECTED LOOSE LAY
- Highest traffic solution with a long-lasting durable performance and stunning look
 - Minimal subfloor preparation, quick to install and ready to use immediately
 - Strong and stable puzzle connection between the large tile format, in woods and materials

allura® decibel

- ACOUSTIC – TACKIFIED LOOSE LAY
- Offers 19dB impact sound reduction for superior acoustic performance
 - Loose lay on tackifier installation method makes installation quick and easy
 - Ergonomic friendly: light, easy to handle and install

Endless choices for your ultimate Allura Floor.

The colored codes alongside each item number in this book show the availability per construction **DR**, **FL**, and **PZ**.

DR, **FL**, and **PZ**.

The project requirements dictate which project is most suitable.

- DR** **DR7**- allura dryback wear layer 0.70 mm
DR5- allura dryback wear layer 0.55 mm
DR4- allura dryback wear layer 0.40 mm

- FL** **FL1**- allura flex^{II} wear layer 1.00 mm
FL5- allura flex^{II} wear layer 0.55 mm

- PZ** **PZ7**- allura puzzle wear layer 0.70 mm

- To order, please add the code above as a suffix after the colorway number.
- Items with multiple offered sizes, each have their own colorway number.
- In this product guide, you will find information about the size of the items across various constructions.
- In addition to dryback, flex^{II}, and puzzle collections, we also offer products in Decibel Solutions. These collections are also featured in the product guide.

	35.43 IN X 61.02 IN
	21.65 IN X 35.43 IN
TILES	19.68 IN X 19.68 IN

Coral brush is available in tiles for increased flexibility and reduced installation waste.

- Stop up to 95% of the walk-in dirt and moisture
- Reduce maintenance & cleaning costs by up to 65%
- Minimize liability from slips and falls
- Maximize the useful life of interior finishes
- Length matters! longer walk off = greater protection

MANY CORAL ENTRANCE FLOORING PRODUCTS USE ECONYL YARN MADE FROM USED & ABANDONED FISHING NETS

Using Econyl helps reduce the planet's existing waste, avoids additional manufacturing related pollution, and keeps the consumption of natural resources and energy to a minimum.

◆ Items are stocked. The lead time for non-stock items is 6-8 weeks.

coral® brush

IN JUST 2 FOOTSTEPS, CORAL ABSORBS UP TO 1/2 THE WATER THAT WOULD OTHERWISE BE CARRIED INSIDE.

A few steps more, and your footwear is almost dry. This means the interior floor stays cleaner for longer. And resilient interior floors like vinyl, linoleum, wood, and concrete are less likely to become slippery and dangerous.

coral[®] mats

Coral mats are available in the following standard sizes:
(width of entrance x walkoff length)

• 3' x 5' • 4' x 6' • 5' x 3' • 6' x 4' • 6' x 10' • 6' x 20'

note:

- custom sizes available upon request
- dimensions include the rubber-edge profile (1.5" approx.)
- 4" x 6" black mat available for quick ship, inquire for details.

NUWAY TUFTIGUARD
IS AVAILABLE IN THE FOLLOWING CONSTRUCTIONS:

- Open construction:**
- ✓ Ideal for entrances which are susceptible to increased moisture
 - ✓ Dirt and moisture will fall through to the matwell below and the mat can be removed for cleaning of both the mat and matwell intermittently

- Closed construction:**
- ✓ Ideal for internal applications
 - ✓ Dirt and moisture will remain on the mat ready to be removed through regular cleaning
 - ✓ This is the most common construction for Nuway entrance mats

Nuway engineered entrance flooring is used outside doorways and immediately inside heavily trafficked entrance areas to scrape off the worst of soil tracked in on the soles of shoes or wheeled vehicles. These rigid engineered mats, constructed of profiles, scrapers, and insert materials, are made to the customer's individual specifications.

PRODUCT APPLICATION CHART

All items marked below are the preferred products to be used for each application type. If there is any questions on suitability, please contact forbo prior to installation.

*Coral Grip is the only product recommended for outdoor ramps. All other Coral products are intended for indoor use.

** Nuway is only recommended for outdoor ramps when unbuffered wipers are being used.

*** Flotex is not recommended for use in locker rooms where ice skates or any metal spikes may be used.
