

Product Specifications Sarlon Complete Step

Acoustic PVC floor covering, for installation in staircases, in 1.01 m rolls

Supply and installation of an acoustic PVC floor covering for indoor staircases, seamlessly, 17 dB, printed, in rolls 1.01 m wide, such as Sarlon Complete Step.

It shall combine an impact sound reduction $\Delta L_w = 17$ dB and an indentation resistance of 0.08 mm in measured average value.

It shall provide easy accessibility for disabled people, in accordance with the regulation.

The specially designed stair nosing, integrated into the structure of the covering, shall be differently colored, providing a minimum visible contrast of 30% and thereby ensuring user safety.

The product shall be BIOSTATIC (fungistatic and bacteriostatic treatment).

The first and last riser of each flight of stairs shall be of a different color from the other steps.

It shall enjoy a 7-year warranty, which can be further extended up to another 6 years (depending on the installation conditions of the manufacturer's Coral or Nuway entrance mats).
