

Product Specifications Marmoleum 2 mm

Linoleum floor covering, in 2 m rolls Supply and installation of a linoleum floor covering, in rolls 2 m wide, classification 23 / 32 / 41, such as MARMOLEUM 2 MM.

According to standard NF EN 433, its indentation resistance shall be 0.10 mm. It shall have a footwear slip resistance on wet floor with soapy water.

Made of linseed oil, natural resins, wood flour, pigments and mineral fillers, it shall be naturally anti-bacterial and shall resist cigarette burns. It shall have TOPSHIELD2 factory-applied surface protection, avoiding the application of metal coating during the covering's service life and a tried and tested resistance to staining agents, such as betadine, eosin, etc. To have E2 class, it shall be hot-welded at the seams and treated at the edges by welding preformed skirtings and corners, such as Marmoform, to the covering.

It shall enjoy a 10-year warranty, which can be further extended up to another 6 years (depending on the installation conditions of the manufacturer's Coral or Nuway entrance mats).
