

Coral Move FR carpet allows for many different tufting design styles which can give very different overall aesthetics. Six different design styles are shown here, but these are only suggested design styles. Each Coral Move FR carpet is bespoke and our dedicated design team will work with the client to match carpet design and colour requirements on an individual project basis.

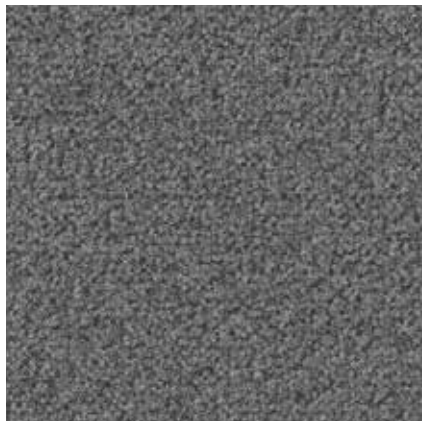

There are 140+ colourways in the standard yarn collection, but special colours can be matched to RAL/Pantone references if required.
