

Technical datasheet - Forbo Monel

Forbo Monel, for cleaning and maintenance of Marmoleum, vinyl and timber floor coverings.

Monel is an effective pH neutral cleaner and has a matte finish that protects Forbo's Marmoleum, vinyl and timber floor coverings. Can be used in commercial machines or at home with a cap full and mop and bucket. With regular use of the Monel method, the original appearance of the floor is retained, it also prevents stubborn dirt from sticking to the flooring surface.

Monel can be used neat dabbed on a cloth to fix scratches, blemishes and scuffs. The floor surface is protected by application of a Monel film and will be removed by next cleaning action. Monel is very much a "less is more" cleaning product providing a simple process with excellent results.

Directions for use

The floor surface is protected by application of a Monel film.
This film absorbs wet dirt, and will be removed by the next cleaning action.
With regular use of the Monel method, the original appearance of the floor is retained

Regular cleaning

Wipe with dust mop and dust cloth.
Remove spots with damp mop.

Periodical cleaning

Wipe with dust mop and dust cloth.
Clean with Monel and mop (0.25 l. Monel/10 l. water).
