Layout & Outline and Inline family of ranges

Layout & Outline share their yarn colours with **Tessera Inline**.

The plain tones of **Layout**, linear patterning of **Outline** and design texture of **Inline** form a cohesive design family, where colours link the three ranges effortlessly.

This harmony of colour allows the easy creation of flooring schemes that are distinctive yet beautifully unified, balancing interest and cohesion with ease.

Layout & Outline also complement other Tessera ranges and the wider Forbo portfolio through matching colours, tones and harmonising designs, giving greater creative options and opportunities to create coordinating schemes which work with your space.

Through meeting the requirements such as product EPDs, indoor air quality (Indoor Air Comfort Gold and GUT) and sustainability targets, **Layout & Outline** and **Inline** also contribute to popular build schemes such as BREEAM, LEED and WELL.
