

HELPING TO KEEP **PEOPLE SAFE**

Flooring to encourage social distancing

As lockdown eases and the government details how the country can begin to safely 'open up' again, it's becoming obvious that social distancing will be a normal part of life for many months.

To help people stay safe by adopting this new behaviour, we have developed two new products.

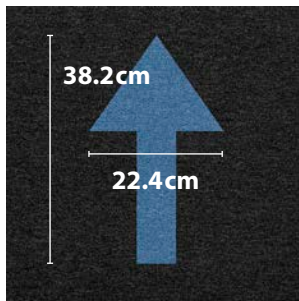

Arrows in Carpet Tiles

All 40 colours in our Tessera Layout and Outline carpet tile ranges can be used to produce directional tiles. Simply choose the colour of the background tile and that of the contrasting arrow. For details of all 40 colours available, please visit www.forbo-flooring.ie/layoutandoutline. The minimum order is 20 tiles (1 full box).

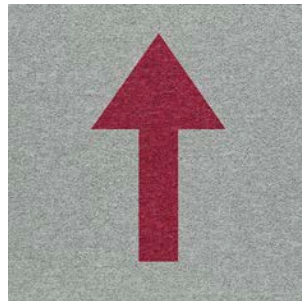

Arrows in Resilient sheet

We can also supply loose arrows to be cut into existing resilient installations or resilient material. The arrows are available in all colours in all our sheet ranges. All you need to do is choose the colour of your arrow and we'll do the rest. The minimum order is 50 arrows. For details of all our sheet ranges, please visit www.forbo-flooring.ie

The dimensions of the arrow for both carpet tiles and resilient sheet is shown below.
