## tessera<sup>®</sup> layout & outline

---

Layout & Outline are individual Tessera carpet tile ranges in their own right, but have been designed to work together in perfect harmony.

Layout boasts a dynamic colour palette, with carefully selected modern neutrals alongside directional brighter shades.

Outline is a subtly textured striped loop pile design and each colourway is perfectly matched to two Layout colours.

Our most popular 26 colours in 50cm x 50cm tile format, shown opposite are available via Forbo Direct! For more information visit [www.forbo-flooring.co.uk/forbodirect](http://www.forbo-flooring.co.uk/forbodirect)

- 26 colours available in 50cm x 50cm tiles (40 colourways in the full collection)
- 5m<sup>2</sup> per box (20 pcs)
- 100% solution dyed polyamide 6
- Contains 62% recycled content by weight
- Installation waste can be collected free of charge through our 'Back to the Floor' scheme

To order a sample book of the full Tessera Layout & Outline collection (40 colourways), please contact: **0800 731 2369** or [samples.uk@forbo.com](mailto:samples.uk@forbo.com)

We pride ourselves on offering a truly comprehensive product portfolio, with leading edge products specifically designed to cater for each area of a project.

The products shown below, although not on the Forbo Direct scheme, can easily be combined with Layout & Outline carpet tiles, offering numerous possibilities for any flooring scheme.

## tessera® layout & outline planks

18 of the popular Layout & Outline colours are also available in a 100cm x 25cm plank. This versatile plank format offers maximum flexibility for creating stunning floor designs.

## tessera® cloudscape

Tessera Cloudscape offers a tonal progression of colours ranging from very dark to very pale, ideal for a wide range of applications and LRV requirements.

## allura flex

A collection of stable and functional loose lay vinyl tiles or planks, which are adhered with tackifier. Flex can also be used alongside Tessera carpet tiles without the need for transition strips because of their 5mm gauge. Flex also has a 1mm transparent wear layer to withstand the toughest commercial environments.

## coral® tiles

Coral tiles are suitable for all types of entrance areas, absorbing moisture and removing dry soiling that would otherwise be carried inside on the soles of people's shoes. Available in both Coral Classic and Coral Brush.
