

# Installation Guide: Sheet flooring with Sit-On Skirtings

## Product Detailing

Flexible Sit-On Skirtings are installed on top of the flooring, offering easy to fit options to cover the joint between wall and floor. Generally they are used with hard floor coverings such as vinyl and lino.

Sit-On Skirtings: Apply the adhesive to the wall/floor and to the back and base of the skirting. These skirtings are fitted before the floor covering is laid so that they can be sealed or seam welded flush with it.

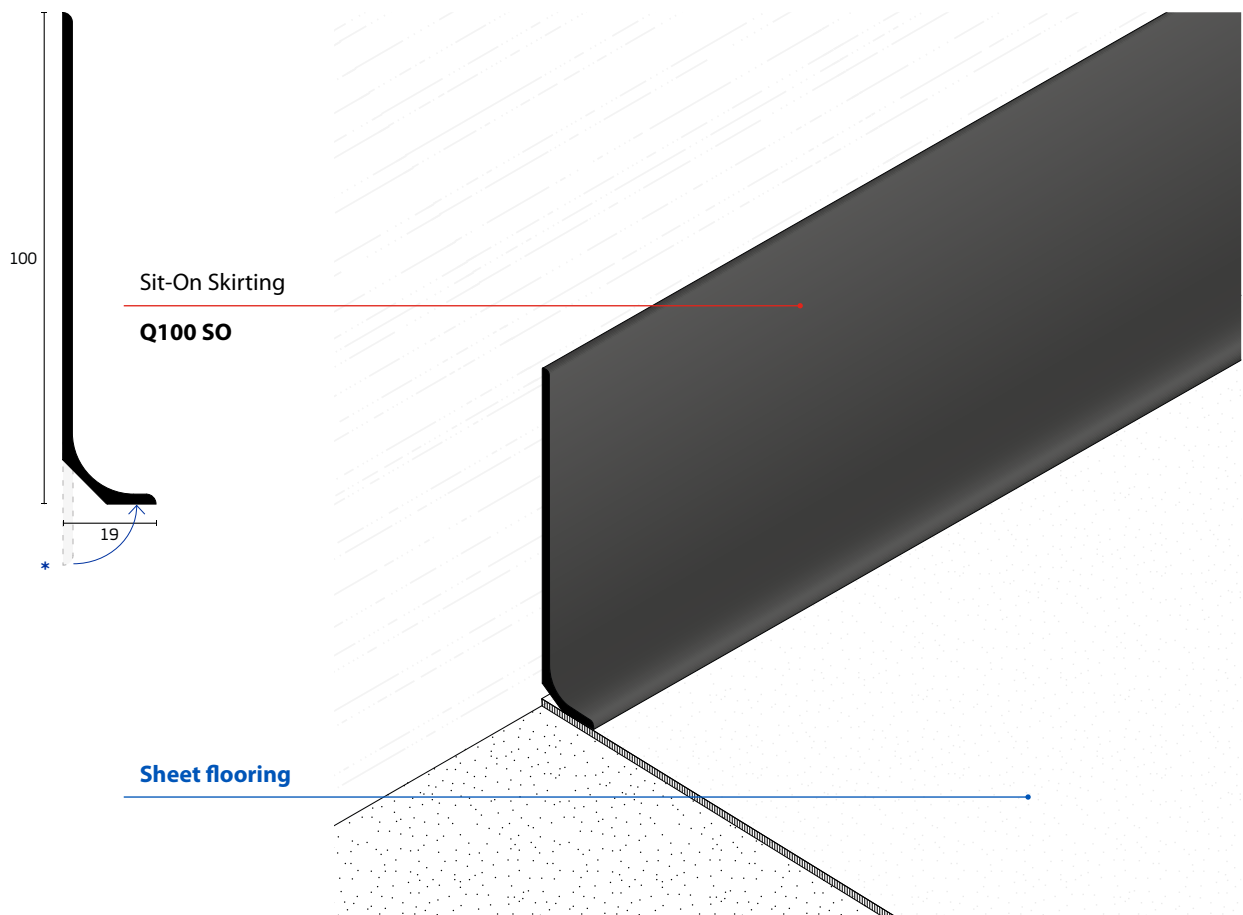

\* NOTE: Remember to bend the foot up so it is parallel to the floor on coiled Skirtings before fitting.

Sit-On Skirting Q100 SO

### Forbo Sheet

Sphera 2mm  
Eternal 2mm  
Surestep/Safestep 2mm  
Modul'up 2mm and 3.45mm  
Sarlon 2.6mm and 3.4mm  
Marmoleum 2mm, 2.5mm and 3.2mm

**Specification statement**

**80A FLEXIBLE SIT-ON SKIRTING:**

Sit-on skirting for use with most hard and flexible floor coverings, to cover the join between wall and floor.

**Features and benefits:**

- Installed on top of flooring.
- Flexible.
- Neat finish.
- Cost effective.
- Manufactured in Britain.
- Available in a range of sizes and colours.
- Q60 SO and Q100 SO profiles are available in 32 m coils, enabling on-site trimming and a reduction in the number of joins along a corridor length.

Applications: For interior use with resilient floor coverings such as vinyl and lino.

Typical uses include: Public buildings & Schools
