

# General Terms and Conditions of Purchase of FORBO SIEGLING JAPAN

## 1. Scope

- 1.1 The present Conditions of Purchase shall apply to all business dealings between the companies belonging to the FORBO SIEGLING JAPAN Group (hereinafter: FORBO SIEGLING JAPAN) and the Supplier, even if they are not mentioned in subsequent contracts. Any additional Supplier terms and conditions or Supplier terms and conditions that conflict with, or differ from, these Conditions of Purchase shall not become part of the contract, unless expressly agreed to, in writing, by FORBO SIEGLING JAPAN. The present Conditions of Purchase shall apply even if FORBO SIEGLING JAPAN accepts a Supplier delivery without reservation while aware of the Supplier's opposing or different terms and conditions.
- 1.2 Any contract performance arrangements made between FORBO SIEGLING JAPAN and the Supplier in addition to, or that differ from, these Conditions of Purchase must be made in writing. This shall also apply to any waiver of this written form requirement.
- 1.3 Any rights that FORBO SIEGLING JAPAN may have under statutory provisions in addition to these Conditions of Purchase shall remain unaffected.

## 2. Contract Conclusion and Amendment

- 2.1 Unless expressly agreed otherwise in writing, the Supplier's offers and cost estimates shall be made free of charge.
- 2.2 Any orders, or their modification or amendment, as well as any other arrangements made at the time of contract conclusion shall become binding only once they are placed in writing or electronically by FORBO SIEGLING JAPAN or, in case of orders placed orally, over the phone, or by means of other telecommunication means, confirmed in writing or electronically. Orders placed with the help of automated means that lack a signature and name shall be deemed written orders. FORBO SIEGLING JAPAN' failure to respond to offers, requests, or other declarations made by the Supplier shall be considered a consent only if so expressly agreed in writing beforehand. If and insofar as an order placed should include obvious errors, typos or miscalculations, it shall not be binding upon FORBO SIEGLING JAPAN.
- 2.3 The Supplier shall promptly, but no later than three (3) business days upon receipt of the order, issue an order confirmation indicating the price and delivery date. Any departure in the order confirmation from the order received shall be considered agreed only once expressly confirmed in writing or electronically by FORBO SIEGLING JAPAN. The same shall apply to subsequent contract amendments. If and insofar as FORBO SIEGLING JAPAN has concluded a framework agreement for future supplies with the Supplier, any order (delivery request) placed by FORBO SIEGLING JAPAN shall be binding unless the Supplier objects within three (3) business days as of its receipt.
- 2.4 The Supplier shall promptly notify FORBO SIEGLING JAPAN if it becomes evident during contract performance that departures from the originally agreed specification are necessary or appropriate. FORBO SIEGLING JAPAN shall promptly inform the Supplier whether and which changes to make to the original order. If this should result in changed costs incurred by the Supplier as a result of contract performance, both FORBO SIEGLING JAPAN and the Supplier shall be entitled to demand that the agreed prices be adjusted accordingly.

## 3. Delivery

- 3.1 Delivery execution, scope, and scheduling shall comply with the order. The agreed-upon delivery deadlines and dates shall be binding. Delivery deadlines shall commence on the day an order is placed.
- 3.2 Compliance with the delivery date or deadline shall be subject to FORBO SIEGLING JAPAN receiving the goods on time.
- 3.3 If it is obvious to the Supplier that the delivery deadline cannot be met, the Supplier shall promptly notify FORBO SIEGLING JAPAN in text form by giving reasons and specifying the expected duration of the delay. In case of delayed delivery, FORBO SIEGLING JAPAN shall be entitled to rescind the contract regardless of whether the Supplier is at fault or not.
- 3.4 Delivery before the agreed-upon delivery date shall be permitted only with the prior written approval of FORBO SIEGLING JAPAN. FORBO SIEGLING JAPAN shall be entitled to send back, at the Supplier's expense, any goods delivered early or to store such goods at the Supplier's expense until the agreed-upon delivery date.
- 3.5 Unless otherwise agreed, partial deliveries as well as excess or short deliveries shall not be permitted.

## 4. Passage of Risk / Shipment

- 4.1 The Supplier shall bear the risk of sudden loss or incidental deterioration of the goods until acceptance by FORBO SIEGLING JAPAN. If the Supplier is obligated to set up or assemble the goods at FORBO SIEGLING JAPAN' premises, the risk shall pass to FORBO SIEGLING JAPAN only once the goods are taken into operation.
- 4.2 Every delivery shall be accompanied by a delivery note including the order and material number, a list of the batches delivered, the product name, the quantity delivered and the weight. Any violation of this documentation obligations shall constitute a major breach of contract by the Supplier. Any damage suffered by FORBO SIEGLING JAPAN as a result thereof shall be reimbursed by the Supplier.
- 4.3 The Supplier shall comply with FORBO SIEGLING JAPAN' shipment requirements. Moreover, the goods shall be packaged such as to avoid damages caused during transportation. Packaging material shall be used only to an extent as necessary. The packaging material shall be eco-friendly and recyclable.

## 5. Prices and Payment

- 5.1 The price stated in the order shall be binding. Unless otherwise agreed in writing, all prices shall be DDP prices including packaging. The prices shown are all net prices; the statutory sales tax shall be indicated separately at the time of invoicing in the amount as applicable from time to time.
- 5.2 The Supplier's invoices shall state the purchase order indicator (PO number, PO date, quantity and price), the number of every single item (batches) and the delivery note number. Otherwise, they shall be deemed not received because they cannot be processed. Invoice copies shall be marked as such.
- 5.3 The period allowed for payment shall commence upon complete removal of all defects. In case of early delivery of the goods, the period allowed for payment shall commence on the agreed-upon delivery date.

- 5.4 The goods shall become the unencumbered property of FORBO SIEGLING JAPAN as soon as they are paid by FORBO SIEGLING JAPAN. Payments shall be made only to the Supplier. An extended or prolonged reservation of title shall not be permitted. The Supplier shall be entitled to offset its counterclaims only if they have been recognized by declaratory judgment or if they are undisputed.

## 6. Warranty and Claims for Defects / Liability

- 6.1 Unless otherwise agreed, the statutory warranty rights shall apply.
- 6.2 The Supplier shall warrant that the deliveries comply with the agreed-upon specifications, state of the art, and with all relevant legal provisions and regulations of the authorities, of employers' liability insurance associations and of professional organizations. The Supplier shall be obligated, in particular, to comply with the provisions of the EU Chemicals Ordinance REACH. The Supplier shall promptly inform FORBO SIEGLING JAPAN about any concerns it may have against any order execution requested by FORBO SIEGLING JAPAN.
- 6.3 If and insofar as doable in its ordinary course of business, FORBO SIEGLING JAPAN shall promptly upon acceptance of the goods perform an inspection to see whether quantity and identity comply with the order and whether the goods show visible transport damages.
- 6.4 If FORBO SIEGLING JAPAN should detect a defect at such time or later on, it shall — if and insofar as doable in its ordinary course of business — inform the Supplier of such defect promptly after such inspection or detection.
- 6.5 FORBO SIEGLING JAPAN' approval of the Supplier's drawings, calculations, or other technical documents shall not affect the Supplier's liability for defects and its responsibility for guarantees assumed by the Supplier.
- 6.6 In case of defects to the goods, FORBO SIEGLING JAPAN (notwithstanding its statutory claims for defects) shall be entitled to require the Supplier to either, at its own discretion, remedy the defects or supply goods that are free from defects (supplementary performance). The Supplier shall bear all costs and expenses that are necessary for such supplementary performance.
- 6.7 Except in case of fraudulent intent, claims for defects shall expire within three (3) years, unless the goods were used in accordance with their normal use for a building and have caused the building to be defective. The statutory period of limitation shall commence once the goods have been accepted by FORBO SIEGLING JAPAN (passage of risk).
- 6.8 Should the Supplier fulfill its supplementary performance obligation by making a replacement delivery, the statutory period of limitation for the goods delivered in replacement shall start anew once they have been accepted.
- 6.9 Suppliers of goods that require spare parts shall be obligated to supply FORBO SIEGLING JAPAN with all necessary spare parts, accessories and tools for a period of another ten (10) years after the expiry of the statutory period of limitation.
- 6.10 If responsible for a product defect, the Supplier shall be indefinitely liable for consequential damages caused by such product and suffered by third parties. If the United Nations Convention on Contracts for the International Sale of Goods (CISG) should apply to goods purchased abroad, the Supplier shall be liable for the foreseeable damage even in the absence of fault by the Supplier. Predictability shall be determined, inter alia, by the intended use disclosed to the Supplier and by the specific characteristics guaranteed in respect of the product.
- 6.11 If a third party should make a claim against FORBO SIEGLING JAPAN, the Supplier shall indemnify the companies belonging to the FORBO SIEGLING JAPAN Group, i.e. FORBO SIEGLING JAPAN may require the Supplier already after receiving the first claim letter to further pursue the matter in consultation with FORBO SIEGLING JAPAN. This shall apply if and insofar as the consequential damages in all likelihood have been predominantly caused by a defect in the supplied product. FORBO SIEGLING JAPAN may request a reasonable advance on the prosecution costs.

## 7. Product Liability

- 7.1 The Supplier shall, in particular, reimburse FORBO SIEGLING JAPAN for costs and expenses incurred as a result of, or in connection with, measures taken by FORBO SIEGLING JAPAN — in particular warning, exchange, or product recall campaigns — to prevent claims being made based on product liability. If possible and reasonable, FORBO SIEGLING JAPAN shall inform the Supplier about the contents and scope of the measures to be taken and give the Supplier the opportunity to comment.
- 7.2 FORBO SIEGLING JAPAN and the Supplier shall work together on all measures that minimize the risks of product users, that anticipate measures of the market supervisory authorities or that rule out damage to the corporate image (market correction measures).

## 8. Third-Party IP Rights

- 8.1 The Supplier shall ensure that delivery and utilization of the goods will not infringe any third-party patents, licenses, or other IP rights.
- 8.2 If and insofar as a third party makes a claim for infringement of such rights against FORBO SIEGLING JAPAN or its customers due to delivery and utilization of the goods, the Supplier shall be obligated to indemnify FORBO SIEGLING JAPAN or its customers from such claims. This indemnification obligation shall apply to any and all expenses incurred in connection with such claims being made.

## 9. Provision of items by FORBO SIEGLING JAPAN

- 9.1 FORBO SIEGLING JAPAN reserves title to samples, models, drawings, master copies, tools and other items provided to the Supplier for the manufacture of the ordered goods or for other reasons. The Supplier shall be obligated to use such items only for the manufacture of the ordered goods or as otherwise directed by FORBO SIEGLING JAPAN. Such items must not be made accessible to third parties. The Supplier shall promptly return such items, without request, to FORBO SIEGLING JAPAN at its own cost and expense if and insofar as their provision is no longer required.
- 9.2 Processing or alteration of provided items by the Supplier shall be done for and on behalf of FORBO SIEGLING JAPAN. If and insofar as such items are processed with other items that do not belong to FORBO SIEGLING JAPAN, FORBO SIEGLING JAPAN shall acquire co-ownership of the new product in proportion of the value of the item belonging to FORBO SIEGLING JAPAN at the time of processing to the other items processed.

# General Terms and Conditions of Purchase of FORBO SIEGLING JAPAN

- 9.3 The Supplier shall be obligated to treat and store the provided items with care. The Supplier shall, at its own cost and expense, insure the provided items at their replacement value against fire, water and theft. The Supplier shall already now assign to FORBO SIEGLING JAPAN, who hereby accepts such assignment, any and all claims for compensation under said insurance. The Supplier shall be obligated to carry out in due time any and all maintenance work and inspections as well as any and all servicing and repair work to the provided items at its own cost and expense. The Supplier shall promptly inform FORBO SIEGLING JAPAN about any damages.
- 9.4 Goods manufactured by the Supplier, in whole or in part, according to FORBO SIEGLING JAPAN' specifications or using the items provided by FORBO SIEGLING JAPAN may be used by the Supplier itself or offered, supplied or made accessible to third parties only with the prior written approval of FORBO SIEGLING JAPAN. This shall also apply to goods that FORBO SIEGLING JAPAN legitimately refused to accept from the Supplier.
- 10. Force Majeure**
- 10.1 If and insofar as FORBO SIEGLING JAPAN is prevented from fulfilling its contractual obligations, in particular from accepting the goods, by force majeure, FORBO SIEGLING JAPAN shall be released from its performance obligation for as long as the hindrance is in place and for a reasonable time period thereafter without being obligated to pay damages to the Supplier. The same shall apply if and insofar as it becomes unreasonably difficult or temporarily impossible for FORBO SIEGLING JAPAN to fulfill its obligations due to unforeseeable circumstances beyond FORBO SIEGLING JAPAN' control, in particular official actions, energy shortfalls or major disruptions. The same shall apply in case of labor disputes affecting FORBO SIEGLING JAPAN.
- 10.2 FORBO SIEGLING JAPAN shall be entitled to rescind the contract if such hindrance in terms of clause 10.1 continues for more than four months and performance of the contract becomes uninteresting to FORBO SIEGLING JAPAN due to such hindrance. At the Supplier's request, FORBO SIEGLING JAPAN shall declare after the expiry of the deadline whether it wishes to exercise its right of rescission or accept the goods within a reasonable time period.
- 11. Confidentiality**
- The Supplier shall be obligated to keep any and all information, which it may learn about FORBO SIEGLING JAPAN and which are marked confidential or which obviously qualify as business or trade secrets based on other circumstances, secret for an indefinite period of time, and to neither record nor pass on or use such information, unless required in connection with a delivery to be made to FORBO SIEGLING JAPAN. By making appropriate contractual arrangements with its employees and agents, the Supplier shall ensure that said employees and agents will also refrain from using, passing on, or recording such business and trade secrets at least during the term of the business relationship.
- 12. Export control and Customs**
- The Supplier shall be obligated to inform FORBO SIEGLING JAPAN about possible approval obligations for the (re)export of its goods under German, European, Asian, or US export and customs regulations and under the export and customs regulations of the country of origin of its goods in its business documents. - At FORBO SIEGLING JAPAN' request, the Supplier shall be obligated to provide FORBO SIEGLING JAPAN in text form with any and all further foreign trade data pertaining to its goods and their properties and to promptly (before delivering any affected goods) inform FORBO SIEGLING JAPAN in text form about any and all changes to such data.
- 13. Social Responsibility and Environmental Protection**
- The Supplier shall undertake to comply with the respective regulations governing the treatment of employees, environmental protection, and on-the-job safety and to strive to reduce negative effects on man and the environment through its activities. To this end, the Supplier shall, as far as possible, set up and further develop a management system under ISO 14001.
