1.3 Product Description:

Forbo Ready to Use Neutral pH Cleaner is a cleaner designed for everyday use to remove routine soil from the floor. Its neutral pH will not harm factory applied or field applied floor finishes. It is 'ready to use' directly out of the bottle.

1.4 Recommended for Use With:

All Forbo Flooring Products

1.5 Physical Characteristics:

Odor ----- Mild
 Color ----- Colorless
 pH ----- 6.0 – 8.0
 VOC Content ----- None
 Unit Size ----- 1 quart (0.946 L) / 1 gallon (3.785 L)
 Dilution ----- Do NOT Dilute
 Spread Rate ----- Varies
 Shelf Life ----- 2 years in unopened container
 Storage ----- Keep from Freezing
 Disposal ----- Follow all local regulations

2. APPLICATION RECOMMENDATIONS

Forbo Ready to Use Neutral pH Cleaner should be used directly from the bottle, undiluted. Remove all surface debris by dust mopping, sweeping or vacuuming. Apply the Forbo Ready to Use Neutral pH Cleaner directly onto the floor by spraying or applying with a mop and bucket. Allow 5 – 10 minutes of dwell time.

It is recommended to have several mops or cloths available for the following steps – one to apply the cleaner and scrub the floor, one to recover the cleaning solution and one to rinse the floor with.

Scrub the floor with a mop or cloth. Pick up the cleaning solution with a clean mop or cloth. Rinse the entire surface with a clean mop using clean, cool water.

Rinse the mop or cloth frequently and change the solution as needed when it becomes soiled. Pick up the rinse water with a final clean mop or cloth. Allow the floor to dry completely before allowing traffic.

3. ADDITIONAL INFORMATION

See Forbo's Floor Care Guidelines specifically created for each Forbo product for more detailed recommendations when using Forbo Ready to Use Neutral pH Cleaner.
