tessera® inline
QUIET LINES, SOFT GEOMETRY
TEXTURED LINEAR CARPET TILES

Tessera Inline is a linear texture with a soft geometric motif. The timeless patterning of Inline introduces subtle design interest and comfort for contemporary workplace and education interiors.

A popular differentiated linear design and textured surface, **Tessera Inline** is designed to harmonise effortlessly with a wide range of interior schemes.

Inline is the ideal flooring solution for busy workplaces and learning environments, delivering both style and practical performance.

Available in a 50 cm x 50 cm tile format, **Inline** comes in a contemporary palette of 12 tonal colours.

Tessera Inline has an embodied carbon of 3.82kg (A1-A3), contains 62% recycled content and is manufactured using 100% renewable energy (electricity and biogas).

Inline and Layout & Outline family of ranges

Inline shares yarn colours with **Tessera Layout & Outline**.

The design texture of **Inline** with plain tones of **Layout** and linear patterning of **Outline** form a cohesive design family, where colours link the three ranges effortlessly.

This harmony of colour allows the easy creation of flooring schemes that are distinctive yet beautifully unified, balancing interest and cohesion with ease.

Inline also complements other Tessera ranges and the wider Forbo portfolio through matching colours, tones and harmonising designs, giving greater creative options and opportunities to create coordinating schemes which work with your space.

Through meeting the requirements such as product EPDs, indoor air quality (Indoor Air Comfort Gold and GUT) and sustainability targets, **Inline** and **Layout & Outline** also contribute to popular build schemes such as BREEAM, LEED and WELL.
