

Forbo LEED v4.1 Compliance Sheet

Coral Brush & Tile

Product Description: Forbo Coral Brush entrance flooring incorporates three types of 100% Econyl regenerated solution dyed polyamide yarns, giving a blended appearance – capillary yarns for absorbing moisture, active dirt scraping yarns to quickly brush off soil, and heavy-duty textured yarns which retain its appearance. The innovative EVERFORT vinyl backing is a solid vinyl, which is flexible, strong, and heavy in weight. It lays flat, making installation easier. It is impervious to water, making it suitable for intensive wet cleaning.

Sustainable Attributes: By stopping up to 95% of walked in dirt and moisture, Coral entrance floors can prolong the life of the whole flooring system as well as greatly reduce cleaning costs and the risk for slipping. 100% of Coral Brush yarn is Regenerated Econyl Nylon. Coral Brush is phthalate free and is manufactured with 100% renewable energy.
