Safety Data Sheet

In accordance with Regulation (EC) No. 1907/2006 (REACH), as amended by Regulation (EU) 2020/878

Revision No.: 12 **Revision date: 22-05-2026**

1. Identification of the product and company

1.1 Product name:	**Marmoleum: Walton, Real, Fresco, Vivace, Concrete, Terra, Striato, Piano, Linoflex, Resonance, Splash, Cocoa, Soul.**
1.2 Relevant identified uses:	Floor covering for indoor use
1.3 Supplier safety data sheet:	Forbo Flooring B.V. Industrieweg 12 1566 JP Assendelft – The Netherlands Telephone: +31 756 477 477
1.4 Emergency:	Contact your National Poisons Information Centre

2.Hazards identification

2.1 Classification of the substance:	The product is not classified as hazardous according to Regulation (EC) No. 1272/2008 (CLP).
2.2 Label elements:	Not applicable
2.3 Other hazards:	The product does not contain substances meeting the criteria for PBT, vPvB or endocrine-disrupting properties.

3. Composition/information on ingredients

3.2 Mixtures:	Floor covering based on a binder composed of vegetable drying oil and natural rosin, mixed with wood flour, pigments, limestone and if applicable cocoa shells, pressed on a jute backing. Lacquered with UV cured mixture of polymers, acrylate functional mono- and copolymers, partly waterborne.

4. First-aid measures

4.1 Description of first aid measures:	Inhalation: Not relevant under normal conditions of use. Skin contact: No specific measures required. Eye contact: Not likely. Seek medical advice if mechanical irritation occurs. Ingestion: Not likely. Seek medical advice if symptoms occur.
4.2 Most important symptoms and effects, both acute and delayed:	Not applicable, no known effects.
4.3 Indication of any immediate medical attention and special treatment needed:	Not applicable, no known effects.

5. Fire-fighting measures

5.1 Extinguishing media:	Suitable extinguishing media: Water spray, foam, CO_2, dry powder. Unsuitable extinguishing media: None known.
5.2 Special hazards arising from the substance or mixture:	In case of fire, carbon monoxide and carbon dioxide may be released.
5.3 Advice for firefighters:	Wear suitable protective equipment and respiratory protection.

Safety Data Sheet

In accordance with Regulation (EC) No. 1907/2006 (REACH), as amended by Regulation (EU) 2020/878

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:	Not applicable
6.2 Environmental precautions:	Avoid uncontrolled release of waste into the environment.
6.3 Methods and material for containment and cleaning up:	Collect mechanically or manually.
6.4 Reference to other sections:	See Section 13.

7. Handling and storage

7.1 Precautions for safe handling:	No special precautions required.
7.2 Conditions for safe storage, including any incompatibilities:	Store in a dry and clean place, protected from open flames
7.3 Specific end use(s):	Indoor floor covering.

8. Exposure controls/personal protection

8.1 Control parameters:	Not applicable
8.2 Exposure controls:	No special personal protective equipment required under normal conditions of use.

9. Physical and chemical properties

Physical state:	Solid flexible floor covering
Form:	Sheet or tile
Colour:	Various colours and patterns
Odour:	Mild natural linseed oil scent
Melting point:	Not applicable
Flash point:	Not applicable
Decomposition temperature:	Approx. 450 ^{0}C
Danger of explosion:	Not applicable
Density:	1150 – 1350 kg/m^{3}
Solubility:	Insoluble in water or conventional solvents

10. Stability and reactivity

10.1 Reactivity:	No hazardous reactions known.
10.2 Chemical stability:	Stable under normal conditions.
10.3 Possibility of hazardous reactions:	None known.
10.4 Conditions to avoid:	Open flams
10.5 Incompatible materials:	None known.

Safety Data Sheet

In accordance with Regulation (EC) No. 1907/2006 (REACH), as amended by Regulation (EU) 2020/878

10.6 Hazardous decomposition products	Carbon monoxide (CO) and carbon dioxide (CO_2) in case of fire.

11. Toxicological information

No acute or chronic health effects are known under normal conditions of use. The product is not classified as hazardous to health.

12. Ecological information

12.1 Toxicity:	Based on the composition, no aquatic toxicity is expected.
12.2 Persistence and degradability:	The product consists largely of natural, biodegradable materials. Mineral components are persistent but environmentally inert.
12.3 Bioaccumulative potential:	Bioaccumulation is not expected.
12.4 Mobility in soil:	The product is insoluble in water and not mobile in soil.
12.5 Results of PBT and vPvB assessment:	The product does not contain substances meeting the criteria for PBT or vPvB.
12.6 Endocrine disrupting properties:	The product does not contain substances identified as endocrine disruptors for the environment.
12.7 Other adverse effects:	No other adverse environmental effects known.

13. Disposal considerations

Product:	Dispose of waste in accordance with local and national regulations. Incineration with energy recovery is the preferred disposal method. Land filling in a permitted facility is an alternative.
Packaging:	Packaging should be subjected to waste management schemes (recovery recycling) in accordance local and national legislation

14. Transport information

Not classified as dangerous goods for transport (ADR/RID/IMDG/IATA).

15. Regulatory information

The product is subject to REACH and CLP but is not classified as hazardous. No additional specific restrictions known.

16. Other information

The information provided is based on current knowledge and describes the product only regarding safety requirements. It does not constitute a guarantee of specific properties.
