Siegling – total belting solutions

BELTING NEWS ISSUE 25

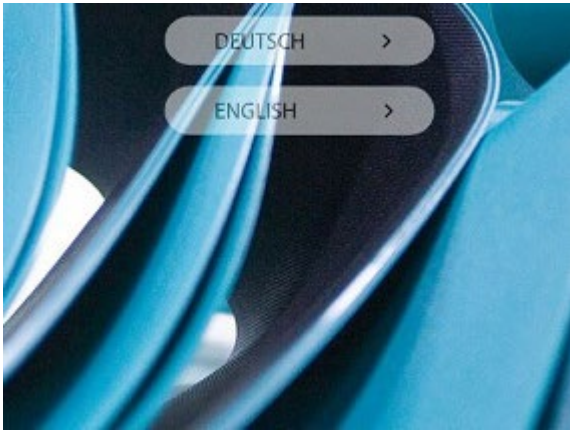

Dear Reader,

We recently published our **[2022 sustainability report](#)** that looked back at the 2022 business year and ahead at the mid-term sustainability goals for the next few years. The environmental initiatives range from installing photovoltaic panels, using recycled materials to manufacture Transilon ECOFIBER belts and recycling belt waste.

Watch this space to find out more about how we're trying to make the future greener. Enjoy reading this issue of the newsletter.

Kind regards,

Forbo Movement Systems
