Siegling – total belting solutions

BELTING NEWS - ISSUE 24

Dear Readers,

We're delighted to present our first two Transilon ECOFIBER conveyor and processing belts with tension members made of recycled polyethylene (rPET). We also have news about our energy-saving Amp Miser belts. Because we're proud to announce that German inspection body TÜV Rheinland has certified these belts' energy efficiency. And by the way, we're back at trade fairs again. We'd be happy to welcome you to one of our stands, but, until then, have fun reading this newsletter.

Kind regards,

Forbo Movement Systems

TÜV-CERTIFIED ENERGY SAVINGS

An independent German inspection body, TÜV Rheinland, has certified the savings potential of Amp Miser™ belts, their absolute carbon savings, and the accuracy of the online calculator.

ECOFIBER IN THE LOGISTICS SEGMENT

We have two brand-new belts in our range that combine the benefits of our energy-saving Amp Miser belts with a tension member made of recycled rPET. These are two practical and contemporary additions to the range (and not just for the logistics industry). As a result, our customers can now make a further contribution to sustainability.

OUR IN-PERSON TRADE FAIRS IN 2023

You can find the dates of our 2023 trade fairs here. Perhaps you'll be coming to LogiMat in Stuttgart from April 25 - 27, 2023, or at Interpack from May 4 - 10, 2023 in Düsseldorf. We look forward to seeing you very much and have plenty of new things to show and tell you about.

FOR HEAVY-DUTY, HYGIENE-CRITICAL AREAS

The new blue belt type features a surface pattern with grooves across the width. It's ideal for heavy-duty applications such as cutting or filleting meat, poultry, or fish. What's more, it can also be used for dough processing applications, such as slicing loaves or for breadcrumb machines.

A UNIQUE BELT DESIGN FOR NARROW APPLICATIONS IN THE FOOD INDUSTRY.

Because it's ideal for narrow applications and conveying unpackaged foodstuffs like chocolate bars or snacks, the new E 2/1 U0/U8 LG blue FDA (art. no. 904718) Transilon belt can also be used for knife-edge.
