This project is now in the process of data collection with the Certification Department in preparation for the full assessment.

In our experience, the typical minimum timeframe to complete and deliver GreenRate is 6-9 weeks once all the necessary assessment documents have been submitted from your (client) side. Every project is unique, and the precise delivery time will vary due to multiple factors. However, it is in everyone's interests and our goal to complete and deliver this GreenRate project in the shortest timeframe possible without compromising our standards and procedures.

Should you have any concerns or questions, please do not hesitate to contact us.

Kind Regards,

Nana Bortsie-Aryee
Program Director
